TERRIBLE ACCIDENT

Ex-Senator Blackburn's Youngest Daughter Shoots Herself.

ANTITOXIN SERUM EXPERIMENT

Results of a Practical Test Reported to Secretary Wilson of the Agricultural Department—Cuban Debate Likely in the House This Week—Other Capital City News.

WASHINGTON, Jan. 17.—Mrs. Lucile Lane, youngest daughter of ex-Senator Blackburn of Kentucky, shot herself in her apartment at the Wellington hotel Saturday night about midnight just as she was preparing for bed. The statement given out by the family is that the shooting was accidental and was caused by a small pistol which, catching in some places in the drawer, fell as she lifted them and exploded by the hammer striking the edge of the drawer. The wound is in the left breast and is probably fatal. Mrs. Lane is suffering from shock so severely that the physicians have not yet made any attempt to locate the bullet.

Senator Blackburn is deeply affected by the occurrence. He does not live with his daughter, and when the affair occurred was summoned from his room on New York avenue, remaining thereafter at Mrs. Lane's hotel.

Mrs. Blackburn, who is not in the city, has been telegraphed for. Mrs. Lane's elder sister, Corinne, is the wife of Lieutenant Colonel Halt, now at Fort Worth, Tex.

ANTITOXINE SERUM.
It Proves to be a Great Remedial Agent in Hog Cholera.

WASHINGTON, Jan. 17.—The chief of the bureau of animal industry, Dr. D. E. Salmon, has submitted to Secretary Wilson a report upon the experiments made in the treatment of hogs for hog cholera with antitoxine serum. This serum is made upon the same principle as the antitoxine of diphtheria.

This serum was last tested in Page county, Ia., on several herds of swine, containing altogether 278 antitoxine returns as to cause of death. Leaving out one herd, from which could not be obtained, only 39 died out of 244 animals treated, of which 86 were sick. Consequently 82.5 per cent of the animals in these herds were saved.

Of untreated herds kept under observation during the period referred to about 85 per cent of the animals died. Secretary Wilson says that undoubtedly the results reported by Dr. Salmon will be most encouraging to hog raisers. The cost of the serum now is but 10 cents per head of animals treated, only one dose being required.

"It is, in my opinion," said the secretary, "of the utmost importance that this serum for the next year at least be made by the bureau under our own supervision and distributed in large quantities in order to demonstrate its efficacy upon a more extended scale. It is absolutely essential that during the experimental stage serum of undoubted quality be used."

"I propose to ask Congress to provide an appropriation necessary to enable this department to furnish 2,000,000 doses of serum during the next year and to make a considerable portion of the appropriation immediately available."

"The losses from hog cholera are so enormous and have weighed so heavily upon our farmers that I cannot imagine that congress will for a moment hesitate to make the appropriations necessary to carry on this work thoroughly. Indeed, apart from the stake farmers have in this matter, to refuse to provide for a thorough test of this remedy now would be indeed penny-wise and pound foolish, for the discovery of this serum has involved already many years of work and a very large sum of money. It would be a great mistake, now that so great a discovery seems to have been made, not to fish the work by giving it a thorough and extensive test."

CUBAN SITUATION.
Debate Likely to Be Precipitated in the House.

WASHINGTON, Jan. 17.—The house is likely to become the arena for a general discussion of our foreign relations in connection with the consideration of the diplomatic and consular appropriation bill during the present week. The Cuban situation, the annexation of Hawaii and the designs of the European powers toward China will, of course, be the principal topics to attract attention. The house managers do not want an extended debate on Cuba precipitated at this time, but the minority is determined to press the question during the consideration of this bill. They believe the time is particularly opportune owing to the anti-autonomy riots in Havana.

Pensions Granted.
WASHINGTON, Jan. 17.—Pensions have been granted to the following Indians: Original—Milton H. Snyder, National Military home, Grant, \$6; Charles J. Many, Indianapolis, \$6; Benjamin F. Burges, Clinton, \$4. Additional—David M. Dove, Irvington, \$6 to \$10. Mexican war widows—Catherine Huckemeier, Richmond, \$8. Reissue—James M. Watkins, New Albany, \$12; William J. Byers, Shoals, \$12. Original widows, etc.—Margaret Black, Selma, \$5; minor of Dallas Lawson, Lapel, \$8; minor of Charles W. Haines, Farmersville, \$10; minor of Joseph Wisemiller, Indianapolis, \$10; minor of Andrew J. Wells, Sr., Muncie, \$10; Mary F. Harris, Jeffersonville, \$8.

Killed by a Train.
ROCKFORD, Ills., Jan. 17.—Carl Beckman and Frank Kingsberg, aged 70 and 16 years respectively, were struck by an Illinois Central train at a crossing and instantly killed.

TOOK HIS LIFE.

Twelve Year Old Boy Suicides by Hanging Near Vevey.

VEVEY, Ind., Jan. 17.—The 12-year-old son of Charles Weatherberry, a farmer living near here, hanged himself Saturday. He had been working with his father and left him, going to the barn. His father followed about 30 minutes after and found him hanging from a rafter, with one end of halter tied around his neck. No cause is known for the act, as he has always been a good boy.

Suicide of a Spiritualist.
CROWN POINT, Ind., Jan. 17.—William Doll, a prosperous farmer at Franceville, Pulaski county, committed suicide by placing a halter around his neck and jumping from a rafter in his barn. He left no letter stating why he took his life. He was a strong spiritualist and friends think he wished to join some of his departed relatives.

BREVITIES.
Robert Ogden Plumbing company of Fort Wayne has made an assignment.
Edson M. Robson won the oratorical contest of Buchtel College at Akron, O.
Music Hall, for many years the largest auditorium in Cleveland, O., has been destroyed by fire.

The Foster Car Company has been organized at Muncie, Ind. Capital stock \$100,000.

William Forsythe, 14 years old of Warren, O., fell from an Erie railroad trestle and was fatally injured.

Miss Lou Seiferle of Upper Sandusky, O., by mistake drank corrosive sublimate for wine. Her condition is critical.

Colonel Scott Carter of Vevey, Ind., is dead. He was captain in the Mexican war and a colonel of the Third Indian cavalry in the rebellion.

GOLD.
Klondike Discovered by a Kentucky Farmer at Verona.

VERONA, Ky., Jan. 17.—David Hudgins, a farmer near this place, has discovered what seems to be a gold mine on his farm, and specimens of the deposit have been sent to Cincinnati for analysis.

B. K. Menefee, of Verona, said: "All who have seen the specimens which were taken out are enthusiastic about the discovery."

D. E. Connor, a Covington metallurgist, said: "The geological formation of northern Kentucky is such that a geologist would expect gold to be found in many places. How rich the deposit may be is of course a matter that only investigation can show."

FOR DRYFUS.
M. Zola's Petition Assuming Significant Proportions.

PARIS, Jan. 17.—The list of persons signing the petition circulated by M. Zola, Antoine France and others for a retrial of former Captain Alfred Dreyfus is becoming impressively significant. Numerous members of the institute and other prominent persons are signing, which shows that the movement is daily growing in respectability and influence.

On the other hand, the anti-Zola campaign, started by the students, is extending to Marseilles, Toulon, Lyons, Nancy and other large towns.

MINERS ARE ARMED.
Will Defend Themselves Against Depredations by Tramps.

BRIDGEPORT, O., Jan. 17.—Miners at Dillonvale and Long Run are all heavily armed against tramps. Saturday they searched the country over for members of the gang intending to wreck their vengeance for loss of money, but not one was found. The entire country is infested with tramps, and robberies, little and big, are a daily occurrence. The railroads have given orders to their men not to carry tramps if they value their jobs.

FOUND DROWNED.
Body of a Man Who Disappeared Two Months Ago.

CAMDEN, N. J., Jan. 17.—The body of E. Pierre Jerred of this city, who disappeared last November, was found in Mantau creek, near Paulsboro, and identified. His throat had been cut but the postmortem showed that drowning had caused death. It was first thought that he had been murdered but the authorities believe he committed suicide, as he had twice before tried to end his life.

Bricklayers and Masons.
PEORIA, Ills., Jan. 17.—The convention of the Bricklayers and Masons International union is getting down to business now that the committees are completing their work. The total membership is reported at 56,396, of whom but 31,680 are employed. For beneficial purposes \$280,515 has been expended and there is \$83,376 in the treasury. The establishment of a national home for the aged members is favored.

BUTTERWORTH DEAD

Commissioner of Pensions Passes Away at Thomasville, Ga.

WAS ILL FOR SEVERAL WEEKS.

He Went South to Recuperate From an Attack of Pneumonia, but Suffered a Relapse—His Family at His Bedside. Served Five Terms in Congress—Deaths of Logan Carlisle and General Anger.

THOMASVILLE, Ga., Jan. 17.—Hon. Benjamin Butterworth, United States commissioner of pensions, who has been ill at Piney Woods hotel here several weeks, died at 3:15 yesterday afternoon. The end was peaceful and when it came his wife and children were at his bedside. He came here to recuperate from an attack of pneumonia, but suffered a relapse—His family at his bedside. Served Five Terms in Congress—Deaths of Logan Carlisle and General Anger.

THE DEAD STATESMAN.

an attack of pneumonia and recovered rapidly till two weeks ago when he suffered from uremic convulsions. From that relapse he never recovered. His body was sent to Washington today.

Benjamin Butterworth was what is known as a "birthright Quaker." Those who knew him best during his busy career are unanimous in saying of him: "His daily life was as exemplary of the tenets of that good old faith as that of any public official could be."

He was born in Warren county, O., Oct. 22, 1837; was a member of the state senate of Ohio from Warren and Butler counties in 1873-74; was elected from the First Ohio district to the 47th, 49th, 50th and 51st congresses. From then until appointed to the position he occupied at his death he devoted most of his time to the practice of law, especially patent law, in Washington.

"Ben" Butterworth, as he has always been best known, spent his earlier years round about Mainville and Foster's Crossing—the latter a little station on the Little Miami railroad. His father was Wm. Butterworth, his mother a Linton, a family noted throughout the entire line for their keenness of intellect, powers of perception and strength in speech and debate. Both parents were of Quaker ancestry.

Major Butterworth's keen intellect and remarkable powers of perception were inherited from his mother. His first acquaintance with law was made in the office of Durbin Ward, then a successful practitioner in Cincinnati.

During the war he attained the rank of major in an Ohio regiment. He was commissioner of patents first during the administrations of Garfield and Arthur and his record made then and subsequently had great weight with President McKinley in selecting him for that position. He was made secretary of the world's fair project early in the inception of that great enterprise at Chicago during the early 90s and worked along in that capacity with honor to himself and profit to the company until its close.

A wife and four children survive the dead statesman. His wife was Miss Mary Schuyler of Pennsylvania. The children are Mrs. How of Washington, a widow, William, who married a Miss Duane of Moline, Ills.; young Ben, who was injured in a college game early in life, and Frank, whose prowess as a football coach and fullback is almost international.

LOGAN CARLISLE.
Son of Ex-Secretary of the Treasury Dead in New York.

NEW YORK, Jan. 17.—Logan Carlisle chief clerk of the treasury department during the last Cleveland administration, died suddenly yesterday at the home of his father, John G. Carlisle, ex-secretary of the treasury. He had been in poor health for more than a year, and recently had returned from a fruitless search for relief at Hot Springs. Five days ago he was forced to take to his bed, but his condition was not considered alarming until yesterday afternoon. The cause of death is given as heart failure.

Logan Carlisle was born in Covington, Ky., in 1860, and was graduated from the University of Virginia. He practiced law in Kentucky, and later, removed to Wichita, Kan. He was active in politics, and especially in the campaign of 1882. He was appointed chief clerk in the department in March, 1883. He held that position until after the inauguration of President McKinley. Last month Mr. Carlisle came to New York and joined his father's firm.

The body will be taken to Covington for burial.

General Anger.
WASHINGTON, Jan. 17.—General Christopher Colon Anger, U. S. A., retired, died of old age at his home in West Washington last night. General Anger was one of the three surviving members of the class of '43 at West Point, the class with which General Grant graduated.

Father of the House of Commons.
LONDON, Jan. 17.—Right Hon. Charles Pelham Villiers, member of Parliament from South Wolverhampton, and known as the father of the house of commons, having sat continuously in the house since 1855, died last night.

Ohio—Fair, followed by increasing cloudiness and showers tonight; warmer.

SENSATIONAL SUIT.

Crowned King Mining Company, an Illinois Corporation, Defendant.

PRESBOTT, A. T., Jan. 17.—A sensational suit has been filed here in connection with the Crowned King Mining company, an Illinois corporation. The plaintiff, Orrin F. Place, owner of one-third of the stock, sues the company and five former directors, N. O. Shelds, J. M. Taylor, Reuben Wilkison, W. T. Vandever and C. P. Harrington, alleging that Shelds and Harrington, owning more than half the stock, have depreciated its value by mismanagement and improper issue of stock, upon which it is claimed the defendants paid themselves \$27,000 in fraudulent dividends and also that the salary roll was improperly swelled. The plaintiff asks for a receiver and for an accounting.

TECHNICAL QUESTION

Attorney General Asked to Define Standing of Boiler Insurance Companies.

COLUMBUS, O., Jan. 17.—State Insurance Commissioner Matthews has submitted to Attorney General Monnett a question as to whether companies who insure boilers in this state must deposit with the state \$50,000, as other companies are required to do. Heretofore they have not been required to make such deposit. The two principal companies taking these risks in Ohio—the Fidelity and Casualty of Philadelphia, and the Hartford of Hartford, Conn.—have been asked to submit briefs in the matter.

WERE DISARMED.

Judge Williams Takes Precaution Against Trouble in Court.

DANVILLE, Ky., Jan. 17.—The cases of Peyton and Elsie Langford, charged with maliciously shooting and wounding Will Mullins and Latham King at Livingston, were called Saturday at Mount Vernon and continued until next week. Everything was quiet, but many armed members of the Langford and Mullins factions were in town, and very little would have caused another clash. Judge Williams disarmed every body entering the courtroom and put the principals under heavy peace bonds.

FISH DEALERS COMBINE.

It Will Endeavor to Control the Price of Lake Fish.

CLEVELAND, Jan. 17.—The fish dealers of this city, Sandusky, Lorain, Erie and Buffalo have formed a combination, of which a Mr. Carter, of Erie, is the sales agent. The object of the combination is to control the price of lake fish in the eastern markets, and a noticeable stiffening of prices has resulted already.

CONDITIONS IN HAVANA.

Excitement Continues and a Revolt Probable at Any Time.

HAVANA, via Key West, Jan. 17.—Although outwardly order is restored here, great excitement continues, and unless the newspapers exercise, under the press censorship, great prudence, a general revolt is probable, with much blood shed, because in such an event the army volunteers would fraternize.

SHOOTING AT A DANCE.

Two Men are Killed and Two Fatally Wounded.

LITTLE ROCK, Jan. 17.—At a dance in the Falls plantation in Mississippi county a shooting affray took place between the three sons of Arminstead Phillips on one side and the three sons of Weight Ray on the other. Two men were killed and two fatally wounded.

Pope's Encyclical Read.

MONTREAL, Jan. 17.—The pope's encyclical on the Manitoba school question has been read in all the churches of the dioceses of Montreal, Three Rivers, Sherbrooke, St. Hyacinthe, Chicoutim and Rimouski. Archbishop Bouches of Montreal is causing the encyclical to be promulgated, had it accompanied simply by a short letter recommending it to the careful consideration of the clergy.

A healthy woman will find Love, Health and Beauty that do not have to seek far or long for Cupid. It is the woman who suffers from ill-health as a result of weakness and disease of the distinctly feminine organism, who leads a loveless and childless life. It is in every woman's power to be healthy and consequently attractive. The main-spring of woman's nature is in her distinctly womanly self. When she suffers in that part of her organism, she suffers in every nerve and fiber of her body, and her suffering is pictured in her face, and reflected in her disposition and temper.

It is easy for a woman to be well and strong in a womanly way. Dr. Pierce's Favorite Prescription acts directly upon the important and delicate organs that constitute womanhood. It makes them strong and healthy. It allays inflammation, heals ulceration, soothes pain and gives the tortured nerves rest and tone. It prepares for wifehood and motherhood. Taken during the expectant period it banishes the usual discomforts, makes the coming of baby easy and painless, and insures the health of the newborn. Thousands of women have said so. All good druggists sell it.

Please accept my thanks, writes Mrs. Maud Pearce, of Stockton, Fairfield Co., Ohio, "for the good your medicine has done me. I truly believe that Dr. Pierce's Favorite Prescription saved my life. It is a sure and certain cure for 'female troubles.' I am having perfect health. Nothing did me any good until I heard of you. My good health pleases me and pleases my husband. Every invalid lady should take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.'

One line in a good, practical, home medical book will sometimes save a life. Dr. Pierce's Common Sense Medical Adviser is the best book of that description published. Over a million women own copies and thousands of them have written testifying to its great value. A new edition is ready and will be given away FREE. If you want a paper-covered copy, send 21 one-cent stamps, to cover the cost of mailing only, to Dr. J. C. Pierce, Medical Association, Buffalo, N. Y. For cloth binding, 31 stamps.

WITNESSES ABSENT

The Trial of Nine Whitecaps Balked Thereby.

KIEFER ACQUITTED OF MURDER

Arguments Begun in the Pottmeyer-McIntosh Murder Case—Has Been Married Eleven Times—Crushed by Falling State—Convict Escapes to Meet Death—Everett Out on Bail.

BLOOMINGTON, Ind., Jan. 17.—The trial of the nine men indicted for white-capping Milton Southern and his family was to come up today, but all the prosecuting witnesses, it is alleged, including Milton Southern, the man whipped, have disappeared and cannot be found. Officers searched the neighborhood, looking for those who were to appear as witnesses and found the houses vacant where the Southern had lived.

It is alleged that the men indicted had Southern leave to put a stop to the trial. Over 100 witnesses had been summoned and it promised to be one of the most sensational trials in the history of southern Indiana.

CATHOLIC KNIGHTS.

Officers of the Uniform Rank Instructed Not to Recognize J. W. Nordham.

ANDERSON, Ind., Jan. 17.—Indiana Uniform Rank, Catholic Knights of America commanders have received official instructions from Commander-in-chief Kadeski in which he warns the officers against recognizing J. W. Nordham, of Vincennes as commander-in-chief, holding that the gathering in Mobile last week, at which Nordham was elected, was irregular and illegal. It is thought the matter will be taken into the courts or the pope will be asked to interfere. The order now numbers nearly 20,000 uniformed members and is the recognized body of the Catholic church in America.

RELEASED ON BAIL

Was Not Charged With Forgery but False Pretense.

DECATUR, Ind., Jan. 17.—C. E. Everett, of Fort Wayne, was released on \$4,000 bail Saturday, furnished by a number of prominent citizens of Fort Wayne. Mr. Everett is very indignant over dispatches sent out that he was charged with forgery. He was charged with obtaining money under false pretense. He says he is not guilty of wrong doing and will easily prove his innocence. Everett claims the charge is solely for the collection of a civil debt.

SELF DEFENSE.

Jury Says Charles Kiefer So Killed His Father.

MADISON, Ind., Jan. 17.—The jury in the Kiefer murder case returned a verdict of acquittal after an exciting trial. Charles Kiefer, the prisoner, was charged with killing his father, Smith Kiefer, at Scipio, last November. The case was venued here from Jennings county, and tried before Judge Bear. Young Kiefer showed a good case of self defense. At the time of the shooting the father, who had driven his son from home, was pursuing him and the boy's life was in danger.

Crazed Over Religion.

COLUMBUS, Ind., Jan. 17.—Nathan Davis, of this county, attended Quaker revival meetings last week. He is now in jail, being crazy over the excitement. Davis is a highly respected school teacher. Some other people who have been attending the meetings are greatly excited.

Pottmeyer-McIntosh Murder Case.

LOGANSPORT, Ind., Jan. 17.—The taking of testimony in the trial of John McIntosh for killing Frank Pottmeyer, the saloonkeeper in November, was concluded Saturday evening. The arguments began this morning and will occupy the greater part of tomorrow. It is claimed the defense has made out a better case than was expected.

Has Been Married Eleven Times.

HUNTINGBURG, Ind., Jan. 17.—Philip Voelting of this county has been married 11 times and is the father of 27 children. He is 50 years old, and says he will live long enough to marry his 12th wife. Voelting was born in Germany. He came from a family, the ancestors of which settled in New York in colonial times.

Brakeman Crushed.

HAGERSTOWN, Ind., Jan. 17.—John Stuart, a freight brakeman on the Panhandle, had his left arm mashed to a jelly while coupling cars here. His home is in North Carolina. He was taken to Richmond and his arm amputated.

Will Return to the Ministry.

WARABSH, Ind., Jan. 18.—Rev. W. J. Vigus, for the last seven years state agent for the American Bible society, and who formerly resided in this city, has resigned and will re-enter the ministry, taking a station in the North Indiana conference.

Escaped to Meet Death.

PRINCETON, Ind., Jan. 17.—An escaped Illinois convict was killed while stealing a ride on a Louisville and Nashville train west of here. He was knocked from a box car by an overhead bridge.

Crushed by Falling State.

WASHINGTON, Ind., Jan. 17.—While employed on No. 9 coal mine here, John Stiles of Madisonville, Ky., was caught beneath falling slate and crushed so severely that he may die.

Doxey Goes to Florida.

ANDERSON, Ind., Jan. 17.—Major O. T. Doxey, attended by his wife and physician, has gone to Florida from Hot Springs. His condition is about the same.

PHILADELPHIA, Jan. 17.—The largest notable grand jury ever drawn in the United States district court for the district of New Jersey, is that which will be sworn in tomorrow at the opening of the January term of court. The panel will include several millionaires, among them George J. Gould, an ex-United States senator, four mayors and several other persons of prominence.

Valuable Hog.
WEST UNION, O., Jan. 17.—Nelson Shaw, a farmer, dropped his pocketbook containing \$85 in paper money and some notes, in his hog lot. One of the hogs succeeded in swallowing the entire contents.

To Increase Fruit Acreage.
KIMMURDY, Ills., Jan. 17.—The farmers of this vicinity met here Saturday and organized a new fruit growers association, electing F. A. Pruitt, of this city, president. The object of the association is to urge the farmers to increase the acreage of strawberries, gum melons and other small fruits in this immediate vicinity.

Frightful Plunge to Death.
CHICAGO, Jan. 17.—Albert G. Greenleaf plunged to a frightful death Saturday, jumping from the 16th floor of the Masonic Temple to the rotunda. His body crashed through the thick marble of a stair landing and dropped, crushed and mangled, to the floor underneath.

Illinois Editor Marries.

KEWANEE, Ills., Jan. 17.—A. C. Owens, editor of the Kewanee Democrat, was married Saturday to Mrs. Eva C. Owens. They were married over 13 years ago, but were divorced two years ago. Recently they became friendly again, and the marriage was the result.

Under a Viaduct.

MAYSVILLE, Ky., Jan. 17.—James Drennan, aged about 27, a farmer, was found under the Chesapeake and Ohio viaduct here unconscious, suffering from a severe wound on the head. He died a short time after. He fell off the viaduct or was struck by a train.

DISTRICT CONVENTION.

Call to Meet at Greensburg, Tuesday, Feb-
ruary 1, 1898.

The republicans of the Fourth Con-
gressional District of Indiana, are invited
to meet in delegate convention, at the city
of Greensburg, on Tuesday, February 1,
1898, at 11:30 o'clock a. m., for the pur-
pose of selecting a Republican District
Committee.

The representation in said convention
will be one delegate and one alternate de-
legate for every 200 and fraction thereof
of 100 or more votes cast for Henry G.
Thayer, elector at large for the state of
Indiana, at the election held Nov. 3, 1896.

The apportionment of delegates to the
several counties of said district is as fol-
lows:

Bartholomew.....16
Brown.....4
Dearborn.....14
Decatur.....14
Jennings.....10
Jefferson.....18
Ripley.....4
Switzerland.....8

Total.....114

The county committee of each county
will apportion the delegates to the various
precincts, wards or townships, and give
notice of the place and hour of such meet-
ings, the date of which is January 22, 1898.

The business of the meeting is to select
one delegate and one alternate to the dis-
trict meeting, and one member of the
County Central committee.

Notice of such meetings shall be given
by publication in the republican press
of the county at least ten days before such
meeting; and if there be no paper, then
by posting five notices in each precinct.

The county committees will meet on
January 29, 1898, at 2:00 o'clock p. m. to
organize by electing chairmen and vice-
chairmen, and provide for the selection of
a secretary and a treasurer.

On behalf of the committee, the re-
publicans of Decatur county, and the
citizens of Greensburg, I extend to all a
hearty invitation to be present at the dis-
trict meeting.

The call and business being made by
order of the State Central Committee.

JAMES E. CASKEY,
District Committeeman Fourth District.

REPUBLICAN TOWNSHIP CONVEN- TION.

The republicans of the several town-
ships of Jackson county will meet in
mass convention at such places as the
township committee may select, on
Saturday Jan. 22, 1898, at 2 o'clock p. m.
for the transaction of the following
business:

First—Elect one member for the
county central committee from each
voting precinct in the county who will
meet at Brownstown on Saturday Janu-
ary 29th, 1898, for the purpose of
electing a county chairman and vice
chairman.

Second—Elect delegates and alter-
nate delegates to the Fourth Con-
gressional District convention to be held at
Greensburg, Ind. on Tuesday Feb. 1st,
1898, for the purpose of electing a mem-
ber of the state committee for said dis-
trict.

The townships are entitled to the fol-
lowing number of delegates and alter-
nate delegates:

Township Conventions.

In pursuance to a call of the county
chairman the Republicans of Jackson
township will meet at Seymour in con-
vention on Saturday, January 22, 1898
at 2 o'clock p. m. at the city building
for the purpose of selecting members
for the county central committee and
to elect delegates and alternates to the
4th congressional district convention
to be held at Greensburg.

never erect a monument to his memory,
however.

FRANK I. SEFRIT, editor of the Wash-

appointment and one well merited.

DAVID B. HILL has finally declared

simply prides himself in this case on
his courage.

The twenty-first annual meeting of
the Indiana Republican Association
will be held at Indianapolis January
27 and 28. J. A. Kemp, of the Salem
Leader is president.

In some counties in the state the
man who has been in office long enough

Such is not the "custom" with demo-
crats in Jackson county.

The movement of a fleet of war

less comment and speculation. It is
understood that the fleet will take a
position within a few hours' run of

Deafness Cannot be Cured

By local applications as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness
and that is by constitutional remedies.
Deafness is caused by an inflamed
condition of the mucous lining of the
Eustachian tube. When this tube is
inflamed you have a rumbling sound
or imperfect hearing, and when it is
entirely closed, deafness is the result,
and unless the inflammation can be
taken out and this tube restored to its
normal condition, hearing will be de-
stroyed forever; nine cases out of ten
are caused by catarrh, which is nothing
but an inflamed condition of the mu-
cous surfaces.

We will give One Hundred Dollars
for any case of deafness (caused by cat-
arrh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars, free.

ANCIENT STUTTGART.

Postal and Traveling Accommodations of
the Old German City.

The post relations of ancient Stuttgart
were unpretentious. The two maid-
servants of the postmaster distributed
through the city the daily letters, which
they carried in the same basket with
the family marketing. Letters were carried
out of the city by postillions. There was
a number of couriers, and as a surety
against mistakes there hung in the post
office, beside the curious mail bags, a
huge whip, with which, when the com-
mission had been given to the courier, a
powerful blow for the strengthening of
his memory was dealt him.

Coaches and post wagons were inno-
cent of any suggestion of comfort—a
high, clumsy wooden box was secured
by thick leather straps, and in the
cavernous bottom were confined together
packages and passengers. Up and down
hill, over ruts and rocks, the cumbersome
vehicle rattled on its way, the hapless
travelers being ever on the defensive
against the assaults of tumbling boxes
and bundles. And then the weary slow-
ness of the way! Formerly the journey
from Stuttgart to Tubingen was made
in 12 hours. The same journey is now
made in four hours. The postillions
alighted to take refreshments when it
pleased them, and one traveler has left
a dismal record of a journey that he
once made, during which the driver
took the horses from the carriage and
attached them to a hay wagon that had
been left mired in the mud. The man
drove the wagon into the next village,
and when there he joined the grateful
neighbors in a carousal, while the tired
passengers languished on the dusty
country road.—Elise J. Allen in Har-
per's Magazine.

How to Look Well

Good looks are really more than skin
deep, depending entirely on a healthy
condition of all the vital organs. If the
liver be inactive you have a bilious
look; if your stomach be disordered
you have a dyspeptic look; if your kid-
ney be affected, you have a pinched
look. Secure good health and you will
surely have good looks. "Electric
Bitters" is a good alterative and tonic.
Acts directly on the stomach, liver and
kidneys. Purifies the blood, cures pim-
ples, blotches and boils, and gives a
good complexion. Every bottle guar-
anteed. Sold at W. F. Peters drug
store. 50 cents per bottle.

Five Serial Stories.

Five strong serial stories are announ-
ced for publication in The Youth's Com-
panion during 1898. They are: "The
Freshman," a romance of college life,
by Jesse L. Williams; "The Gold Fields
of the Yukon," a story of placer mining
in Alaska, by Irving Andrews; "Feriada
Fairsax, Writer," the story of a girl who
wanted to do newspaper work, by Mar-
guerite Tracy; "The Story of a Bee
Farm," by Edith A. Fairfield; and "The
Making of Zimri Bunker," a rousing
tale of heroic deeds in Nantucket dur-
ing the War of 1812, by William J.
Long. These stories make up only a
small part of the good things that will
be spread before readers of The Youth's
Companion during 1898. Present read-
ers of The Companion who renew their
subscriptions, and new subscribers will
receive free a beautiful calendar printed
in twelve colors, and embossed in gold.
The paper will be sent free to new sub-
scribers every week from the time the
subscription is received to January,
1898; then for a full year to January,
1899. An illustrated prospectus will be
sent free to any one addressing

THE MOON AND I.

A golden moon that leans her gentle face
On the blue darkness of the summer sky—
We watched her steal aloft a little space,
My love and I.

Parting the opal clouds, upward she rose
To wander lonely mid the stars on high.
We thought our world as bright as any of those,
My love and I.

Dear love, the moonlight smote your rippling
hair
And made you smile you knew not how nor
why.
My heart beat strangely as we lingered there,
My love and I.

I asked her, fooled by the bewildering light,
If she would try to love me by and by.
She rose and left me. I stood in the night.
The moon and I.

THE SPORTS OF LONG AGO.

They Were Substantially the Same as
Those of the Present Day.

The boys and girls of the present day
who become enthusiastic over some new
sport and boast that their particular
"club" has the very "newest thing
out" would be surprised if they could
discover how closely many of the old
time pastimes resemble our own.

The Eskimos of the frozen north, the
Tupian tribes of the Brazilian pampas,
the gamins of the Paris streets, the boys
and girls of London, of Boston and of
Philadelphia, have one kindred tie—the
love of sport. There is nothing new un-
der the sun, said the wise man, and es-
pecially is there nothing new in youth-
ful games.

Archaeologists have found dolls in
Egyptian pyramids and on prehistoric
tombs; the name of a popular ball club
was found scrawled upon the outer
walls of Pompeian houses, and one of
the most exciting matches on record
was the one stubbornly fought between
the rival princes of Montezuma, king
of Mexico, and Nezahualpilli, twin of
Tezcuco.

The boys of ancient Greece and Rome
played at whiptop, and quoits, and
baseball, and pitch penny, and blind-
man's buff, and hide and seek, and
jackstones, and follow my leader, just
as do the boys of today. The girls were
experts at seasaw, and swinging, and
dancing, and grace hoops, and dice
throwing, and ball play, and, in Sparta,
even at running, wrestling and leaping.
Tobogganing is as old as ice and snow,
and when you play at cherry pits you
are only doing what Nero and Commod-
us and young Themistocles did ages
ago in Rome and in Athens.

So, whatever the age or whatever the
climate, boys and girls of the world have
always lived more for play than for
anything else, and however harsh or
hard their surroundings, however stern
or strict their fathers and their mothers,
they always found and always made
the most of the time for play.

Said a critic recently on the subject
of recreation, "The sports of the day are
fast reducing themselves into so many
sciences, overweighted with rules and
restrictions that often take the real play
element from them and make them as
unyielding as a problem in algebra."

There is no fun in making our sport a
matter of life and death. I know grow-
ing people who in these days of prize
giving in all manner of games center
their whole desires not on the fun of
the game, but on the prizes offered.
They really seem as much disappointed
if they do not carry off a trophy as if
they had met with some serious loss.
Let us take our fun with a jollity or not
at all. Interest is one thing and irrita-
bility is quite another.

We have only to watch the intense
excitement of some of the amateur play-
ers in popular games to realize that the
critic was right about that algebra prob-
lem. The complaint of "unfairness" on
one side and of disagreeable triumph
on another seem to be the most notice-
able features at the close of the sports
of today, and we cannot help wonder-
ing if this was a feature of the games of
olden times or if in this respect the
young people of the present really have
"something new."—Philadelphia
Times.

BOY MURDERER.

To Emulate a Trashy Novel Here He
Kills a Playmate.

PHILADELPHIA, Jan. 17.—The body of
5-year-old Percy Lockyer, who is be-
lieved to have been murdered on Friday
night by 15-year-old Samuel Henderson,
was yesterday found in the bottom of
"Reddies" creek and there seems little
doubt in the minds of the police that
young Henderson is guilty of the crime.
The body of the child when found was
weighted by two heavy stones, one
about his neck and the other around his
ankles. His skull was crushed in and
there was a knife thrust just above the
heart and similar wounds on his breast,
side and forehead, while on one side of
his face was a long cut extending from
below the eye to the chin. Henderson
admits making these wounds, but claims
it was an accident.

The police, however, believe it was
a planned murder in which the
guilty one also purposed ending the life
of another small boy, Willie Addison,
aged 7 years. Henderson, it is claimed,
has been reading trashy novels of the
wild western stamp and has shown a
desire to emulate the "hero" of those
tales. The police assert that Henderson
accompanied Lockyer and Addison to the
woods, tied both children to a tree.
Addison broke away and ran home. It
was then, it is said, that young Lock-
yer's death was accomplished. Dr.
Morton, the coroner's physician, who
examined the thrust above the heart,
said that it caused the death of the
little fellow.

FATHER AND SON.

Meeting of General and Commander Bal-
lington Booth.

NEW YORK, Jan. 17.—After an inter-
view between General William Booth of
the Salvation Army and Commander
Ballington Booth of the Volunteers of
America, at the Windsor hotel, the fol-
lowing signed statement was given out
by those who witnessed the interview:

"General William Booth and Com-
mander Ballington Booth yesterday at
the Windsor hotel met in the presence
of Rev. Dr. Josiah Strong and Rev.
Charles Cuthbert Hall.

"The interview was purely as between
father and son. Nothing transpired cal-
culating to lead to any amalgamation
of the two movements. It was agreed
that all public controversy in the press
or otherwise between the two move-
ments should as far as possible come to
an end."

FIFTY ACRES OF FIRE.

Result of Work of Thoughtless Boys
with Matches.

WHEELING, W. Va., Jan. 17.—Two
thoughtless boys caused great mischief
by applying a match to a spray of coal
oil issuing from a small aperture in the
Standard Oil company's pipe line from
Sistersville and Mannington to Morgan-
town.

The pressure at that point was strong.
Soon the burning spray melted the lead
in the joints of the pipe which was six
inches in diameter. Fifty acres of for-
est and field were soon ablaze. Two
small bridges and two barns were
burned. All the oil in 10 miles of 6-inch
pipe, nearly 2,000 barrels, was con-
sumed.

SHOT THE SHERIFF

Who In Turn Shoots His Deputy In-
flicting a Fatal Wound.

OKLAHOMA, O. T., Jan. 17.—In a row
yesterday Fred Jones, a bartender, shot
Chief-of-Police G. W. Jackson through
the thigh. As he fell, Jackson fired at
Jones but missed him and shot Bishop
Armstrong, a deputy sheriff, inflicting a
fatal wound. Jones is a brother of
Milt Jones, the city marshal, who was
killed in an affray at Oklahoma City
two years ago by the Christian brothers,
outlaws. Armstrong is said to have
come from Texas.

TACOMA, Jan. 17.—Seven train loads,
amounting to 4,750 bales, of Texas cot-
ton, have arrived in Tacoma for ship-
ment to China and Japan on the steam-
ers of the Northern Pacific line. The
cotton came by way of St. Louis and
St. Paul. A great deal of this cotton is
standing in cars on the track. Heavy
shipments of cotton are arriving at all

Steady Demand For Brotherhood Men.

PEORIA, Ill., Jan. 17.—The executive
committee of the Brotherhood of Rail-
way Trainmen are here to receive re-
ports and audit accounts. The net in-
crease in membership during 1897 was
3,000, and 37 new lodges were insti-
tuted. The officers report a steady de-
mand for brotherhood men by the rail-
roads.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the
"AMERICAN MONTHLY" during the coming year, for it is, as the
Bookman says, "a great monthly newspaper." As such, it prints for
its readers an illustrated account of the notable things which make the history of
the month, of the political, the
economic, and literary happenings,
which are of value to intelligent
men and women. The Editor's
"Progress of the World" tells suc-
cinctly an illustrated story of the
month. The "Leading Articles"

Why not be well?

Sick stomach comes from poor food, poor nourishment means poor health, poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach.

Darkest American.

The performance at the opera house Saturday night "Darkest America," drew a good house, and those who attended were well entertained. The local management was fortunate to secure this company.

Salem Without Saloons.

Only a few months ago Salem had five saloons, but the last one of those closed its doors Thursday night. This is a direct result of the work of Evangelist Sunday there a few weeks ago.

The Ton-ka-way Concert Company, after playing a two weeks engagement at this place, left last Sunday for Seymour, where they will remain for three or four weeks. The entire company formed some warm friendships while here, and the citizens in general regretted their departure.—Crothersville Commercial.

Consumption Positively Cured.

Mr. E. B. Greeve, merchant of Chilhowie, Va., certifies that he had consumption was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the grandest remedy ever made as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trails bottles free at W. F. Peter, drug store.

MARRIED.

Mr. M. L. McCrary and Miss Mary McClain, both clever and esteemed young people of Jonesville, came here and quietly repaired to the room of Elder A. F. Beare Wednesday evening at 8 o'clock January 12, 1898, when he said the words that made them man and wife.

H. Hinnis, route agent of the U. S. express, was here this morning on business with C. C. Frey.

Business on the Southern Indiana line both passenger and freight is increasing at a rapid rate.

The B. & O. S. W. pay car will be here tomorrow evening and gladden the hearts of the employees.

Five new trestles on the line of the Indiana Southern between here and Cortland are being made new.

H. F. Robinson, Joe Riley and George Raa, of the J. M. & L. bridge force, spent Sunday with their families here.

David Baird, John Deppert and their bridge carpenters on the Indiana Southern visited their families in the city yesterday.

George D. Carter, of Seymour, is an employe of the Santa Fe System with headquarters at Ruton, N. M. He is a practical railroad man and is doing well down there.

Three handsome new engines, 13, 14 and 15 arrived here Saturday from the Baldwin Locomotive Works for the Southern Indiana line. The flat cars will be here in a few days and the coaches will be here soon.

"I have used Salvation Oil for frosted feet and backache and found it to be the best remedy and cure for pain on earth. Mrs. Meggie Nieder, Mt. Pleasant, Westmoreland Co., Pa."

Ed. Worrell, late of Seymour, and who is an employe of the A. T. & Santa Fe, was seriously injured the other day on his way to his headquarters at Tuscon, N. M. He was in a car which was struck by another car. His hurt is not fatal.

Announcement.

The Courier Journal Almanac for 1898, about which so much has been said and written, is now on sale. It contains nearly 500 pages and over 10,000 facts and topics. Among the features of special interest will be found a detailed comparison of the tariffs of 1894 and 1897. The subject of Alaska with its gold fields and disputed boundary, is of such wide interest, that great care has been exercised in presenting the most authentic particulars obtainable. A very useful map of Alaska has been added to assist the reader as well as the traveler. Some space has been devoted to the war in the war in the East. The statistics upon education, agriculture, domestic commerce, gold and silver, pensions, and other subjects are full, impartial and as accurate as possible. To the politician the full reports of the election of 1897 and of some preceding years, with the names of members of congress. Federal officeholders, the officers of the various state governments, the state platform of last year, are of the highest interest. To agriculturists the reports of crops will be of use for constant reference. The sketches of men who came into prominence last year will be of interest to all classes of readers. A summary of the principal events of 1897, such as cannot be found anywhere else, will be exceedingly serviceable to all classes of readers.

The price of this handy manual and volume of useful information is only 25 cents. It is on sale through newsdealers.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. THE NATION SPEAKS OF DR. W. I. SWAIN'S CATARRH CURE.

MANHATTAN, Kas., Jan. 23rd, 1895.

Ton-Ka-Way Remedy Co.

My Dear Sirs:—As I have neglected writing for several weeks, I will now inform you how Mr. Johnson is getting along; he has been using Dr. W. I. Swain's Catarrh Cure regularly, he can now work every day early and late, never gets tired, he has no more bad breath, never has a cold nor has the least pain, in fact the symptoms of catarrh are entirely gone. This is the first time for several years that Mr. Johnson has been free of catarrh. We consider the remedy a god-send to the people. Two months treatment will perform a positive cure on my husband.

He sends you his love and thanks.

MRS. S. E. JOHNSON
DEXTER, Mo., Dec. 8, 1894
Ton-Ka-Way Remedy Co., Memphis, Tenn.

Please allow me to offer a few words

of praise to Dr. W. I. Swain's Catarrh Cure. For the past seven years I have been suffering from catarrh and bronchitis. I moved here several months ago for my health, leaving home and friends behind in Iowa. I am so well and improving so fast by your treatment that I expect to return home soon. Your catarrh remedy reaches the diseased parts to perfection as it is inhaled through the entire air-passages. I have taken several bottles of your stomach remedy, Ton-Ka-Way. The combined treatment is reforming a won'tful cure for me.

I am ever your true friend.

JOHN S. SANDERS.

WAGONER, I. T., March 20th, 1894.
Ton-Ka-Way Remedy Co., and Dr. W. I. Swain's Catarrh Cure.
REPUBLICAN.

My Dear Friends:—It is now two

years since I took the last of Dr. W. I. Swain's Catarrh Cure and Ton-Ka-Way. My eyes, nose and throat are well. I never thought I would be as well as I am now, and I shall never cease thanking the gentlemen that advised me to try your remedies for catarrh. Just tip think I was a young lady and the doctors all told me that I could not be cured. After suffering four years I commenced your treatment. I have re-commended you to everybody but so many love their money better than their health, that they neglect to treat until they are so bad. Your remedy is so cheap I cured myself for \$3.00. I am cured and I thank God. I can sleep well, can ride horseback for hours, eat what I wish.

I am your sincere friend,
MARTHA E. HOBNER.

ONE OF TWO WAYS.
The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other disease.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble, or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Republican and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its nine pages of this offer.

MOTHER!

The sweetest and the most precious word in the English language and the one about which the most tender and holy recollections cluster is that of Mother—she who watched our tender years; yet the life of every Expectant Mother is beset with danger so assists Nature in the change taking place that the Mother is enabled to look forward without dread or gloomy forebodings to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is left stronger after than before confinement.

Sent by Mail, on receipt of price, \$1.00 per bottle. Book to "Expectant Mothers" will be mailed free on request, to any lady, containing valuable information and voluntary testimonials.

Several women are planning this fall to enter the New York College of Veterinary Surgeons, with a view of taking the three years' course and qualifying with the degree of D. V. S.

They will form the first woman's class in a veterinary college in this country, though France has one graduate and there are a few in Germany and Russia.

The names of five young women have already been enrolled in the institution, and letters of inquiry are being received from others every day. Dr. E. N. Leavy has been assigned by the faculty to form the class.

From the letters which Dr. Leavy has received it appears that most of the young women who intend to study will do so with the idea of earning a living. As for the prospect of making an income, Dr. Leavy says that veterinarians charge \$2 a visit. The bureau of animal industry in the agricultural department at Washington pays inspectors \$1,400 a year and assistants \$1,200.

In 37 state agricultural stations veterinary surgeons are employed at from \$1,500 to \$3,000, and nearly all city health departments employ graduates of veterinary colleges as meat and milk inspectors. No woman is now employed in these places.

THE SNOW MIRACLE.

"The age of miracles," they say, "is past; Christ walks no more upon the yielding wave, Nor does the Spirit breathe, to bless or save, On mortal man." And then the winter blast Comes shrieking from beyond the sunset glow; The dancing waves grow solid as a floor To bear the burden of one wonder more— God breathes upon the mist, and it is snow. —J. L. Heaton in "The Quilting Bee."

A YOUTH'S ADVENTURES.

Which, Whether Truth or Fiction, Are Decidedly Interesting.

When riding in the tram car through the wildest parts of Peckham Rye, writes a contributor to the London News, with a friend—we were bound on a journalistic errand—a bronzed young man of marine appearance jumped into the car and at once recognized my companion. Before we had gone very far I was deep in one of the oddest family histories. This new arrival, it seems, when a boy of 14, had been possessed by the fear of consumption, that fell disease having carried off his brother and threatening his father and mother.

Accordingly he read every book that he could lay his hands on dealing with the subject, and, as the result of his reading, ran away to Bournemouth to be near the pines. Having no funds, he engaged himself to a local fishmonger, carrying his master's fish to the various customers. When the day's work was done, he shouldered a hammock which he had brought with him and camped among some of those pines for which that southern health resort is famous.

One night a gentleman, sauntering along, smoking a cigar, noticed him, and, being amazed at this "al fresco" bed, entered into conversation with him. "Why, I know you are," exclaimed the consumptive youth at last. "You're Mr. Louis Stevenson, the man who wrote 'Treasure Island.'"

"How do you know?" said the gentleman. "Because I deliver you fish. You live at Skerryvore." "So I do," replied Stevenson, for he it was sure enough. "But you don't talk like a fishmonger's boy." "No more I do," replied the boy, and he then poured his strange secret into the novelist's ear, which was sympathetic enough, you may be sure.

The result of this odd meeting was an invitation to breakfast. "Oh, and I did eat," said the young man. He told the story so loudly that the whole train laughed. "And the servants couldn't make it out at all to see the distinguished author entertaining poor me. Then he went to Paris, and I never saw him again for a long while." The pines not proving strong enough, the strange youth was seized with a yearning for the scent of the eucalyptus and persuaded his friends to send him to sea. When he reached Sydney, he sold his outfit and ran away into the bush and lived in the open with eucalyptus galore. Thence, after many adventures, he sailed for the south seas and abode by reef and palm for many a long year.

One day when cruising as supercargo among the Gilbert islands, I think, a European swell in beautiful white duck, a great red sash and a spreading Panama hat, with a peacock's feather in it, came aboard the schooner. "Good morning, Mr. Stevenson," said the supercargo. Mr. Stevenson looked and wondered who knew him in these far-off seas. "I don't know you," he said, shaking his head. "But I know you. Don't you remember the fishmonger's boy who ate such a big breakfast at Skerryvore?" "So I do. Well, the world is small indeed." And no doubt the two had pegs and tiffin—or whatever they call such things in the islands—together. What a strange, small world it is indeed! Well, one succumbed to the dread disease; the other is as hearty a fellow as ever I saw. It was a quaint, grim fancy to go dodging phthisis all over the world!—London News.

Several women are planning this fall to enter the New York College of Veterinary Surgeons, with a view of taking the three years' course and qualifying with the degree of D. V. S.

They will form the first woman's class in a veterinary college in this country, though France has one graduate and there are a few in Germany and Russia.

The names of five young women have already been enrolled in the institution, and letters of inquiry are being received from others every day. Dr. E. N. Leavy has been assigned by the faculty to form the class.

From the letters which Dr. Leavy has received it appears that most of the young women who intend to study will do so with the idea of earning a living. As for the prospect of making an income, Dr. Leavy says that veterinarians charge \$2 a visit. The bureau of animal industry in the agricultural department at Washington pays inspectors \$1,400 a year and assistants \$1,200.

In 37 state agricultural stations veterinary surgeons are employed at from \$1,500 to \$3,000, and nearly all city health departments employ graduates of veterinary colleges as meat and milk inspectors. No woman is now employed in these places.

When You Have a Bad Cold
You want the best medicine that can be obtained, and that is Chamberlain's Cough Remedy.

TERRIBLE ACCIDENT

Ex-Senator Blackburn's Youngest Daughter Shoots Herself.

ANTITOXIN SERUM EXPERIMENT

Results of a Practical Test Reported to Secretary Wilson of the Agricultural Department--Cuban Debate Likely In House This Week--Other Capital City News.

WASHINGTON, Jan. 17.—Mrs. Lucile Lane, youngest daughter of ex-Senator Blackburn of Kentucky, shot herself in her apartments at the Wellington hotel Saturday night about midnight just as she was preparing for bed. The statement given out by the family is that the shooting was accidental and was caused by a small pistol which, catching in some lace in the drawer, fell as she lifted them and exploded by the hammer striking the edge of the drawer. The wound is in the left breast and is probably fatal. Mrs. Lane is suffering from shock so severely that the physicians have not yet made any attempt to locate the bullet.

Senator Blackburn is deeply affected by the occurrence. He does not live with his daughter, and when the affair occurred was summoned from his room on New York avenue, remaining there after at Mrs. Lane's hotel.

Mrs. Blackburn, who is not in the city, has been telegraphed for. Mrs. Lane's elder sister, Corinne, is the wife of Lieutenant Colonel Hall, now at Fort Worth, Tex.

ANTITOXIN SERUM

It Proves to be a Great Remedial Agent In Hog Cholera.

WASHINGTON, Jan. 17.—The chief of the bureau of animal industry, Dr. D. E. Salmon, has submitted to Secretary Wilson a report upon the experiments made in the treatment of hogs for hog cholera with antitoxin serum. This serum is made upon the same principle as the antitoxin of diphtheria.

This serum was last fall tested in Page county, Ia., on several herds of swine, containing altogether 278 animals, definite returns as to cause of death made. Leaving out one herd, from which could not be obtained, only 39 died out of 244 animals treated, of which 86 were sick. Consequently 82.5 per cent of the animals in these herds were saved.

Of untreated herds kept under observation during the period referred to about 85 per cent of the animals died.

Secretary Wilson says that undoubtedly the results reported by Dr. Salmon will be most encouraging to hog raisers. The cost of the serum now is but 10 cents per head of animals treated, only one dose being required.

"It is, in my opinion," said the secretary, "of the utmost importance that this serum for the next year at least be made by the bureau under our own supervision and distributed in large quantities in order to demonstrate its efficacy upon a more extended scale. It is absolutely essential that during the experimental stage serum of undoubted quality be used."

"I propose to ask Congress to provide an appropriation necessary to enable this department to furnish 2,000,000 doses of serum during the next year and to make a considerable portion of the appropriation immediately available."

"The losses from hog cholera are so enormous and have weighed so heavily upon our farmers that I cannot imagine that congress will for a moment hesitate to make the appropriations necessary to carry on this work thoroughly. Indeed, apart from the stake farmers have in this matter, to refuse to provide for a thorough test of this remedy now would be indeed penny-wise and pound foolish, for the discovery of this serum has involved already many years of work and a very large sum of money. It would be a great mistake, now that so great a discovery seems to have been made, not to fish the work by giving it a thorough and extensive test."

CUBAN SITUATION

Debate Likely to Be Precipitated In the House.

WASHINGTON, Jan. 17.—The house is likely to become the arena for a general discussion of our foreign relations in connection with the consideration of the diplomatic and consular appropriation bill during the present week. The Cuban situation, the annexation of Hawaii and the designs of the European powers toward China will, of course, be the principal topics to attract attention. The house managers do not want an extended debate on Cuba precipitated at this time, but the minority is determined to press the question during the consideration of this bill. They believe the time is particularly opportune owing to the anti-autonomous riots in Havana.

Pensions Granted.

WASHINGTON, Jan. 17.—Pensions have been granted to the following Indians: Original—Milton H. Snyder, National Military home, Grant, 86; Charles J. Many, Indianapolis, 86; Benjamin F. Burgess, Clinton, 84. Additional—David M. Dove, Irvington, 86 to 100. Mexican war widows—Catherine Hunkeler, Richmond, 88. Reissue—James M. Watkins, New Albany, 112; William J. Byers, Shoals, 112. Original widows, etc.—Margaret Black, Selma, 88; minor of Dallas Lawson, Lepel, 88; minor of Charles W. Haines, Farmerville, 110; minor of Joseph Wisemiller, Indianapolis, 110; minor of Andrew J. Wells, Sr., Muncie, 110; Mary F. Harris, Jeffersonville, 88.

TOOK HIS LIFE.

Twelve Year Old Boy Suicides by Hanging Near Vevey.

VEVEY, Ind., Jan. 17.—The 12-year-old son of Charles Weatherberry, a farmer living near here, hanged himself Saturday. He had been working with his father and left him, going to the barn. His father followed about 30 minutes after and found him hanging from a rafter, with one end of halter tied around his neck. No cause is known for the act, as he has always been a good boy.

Suicide of a Spiritualist.

CROWN POINT, Ind., Jan. 17.—William Doll, a prosperous farmer at Francerville, Pulaski county, committed suicide by placing a halter around his neck and jumping from a rafter in his barn. He left no letter stating why he took his life. He was a strong spiritualist and friends think he wished to join some of his departed relatives.

GOLD.

Klondike Discovered by a Kentucky Farmer at Verona.

VERONA, Ky., Jan. 17.—David Huggins, a farmer near this place, has discovered what seems to be a gold mine on his farm, and specimens of the deposit have been sent to Cincinnati for analysis.

B. K. Menefee, of Verona, said: "All who have seen the specimens which were taken out are enthusiastic about the discovery."

D. E. Connor, a Covington metallurgist, said: "The geological formation of northern Kentucky is such that a geologist would expect gold to be found in many places. How rich the deposit may be is of course a matter that only investigation can show."

FOR DRYFUS.

M. Zola's Petition Assuming Significant Proportions.

PARIS, Jan. 17.—The list of persons signing the petition circulated by M. Zola, Antoine France and others for a retrial of former Captain Alfred Dreyfus is becoming impressively significant. Numerous members of the institute and other prominent persons are signing, which shows that the movement is daily growing in respectability and influence.

On the other hand, the anti-Zola campaign, started by the students, is extending to Marseilles, Toulon, Lyons, Nancy and other large towns.

MINERS ARE ARMED.

Will Defend Themselves Against Depredations by Tramps.

BRIDGEPORT, O., Jan. 17.—Miners at Dillonvale and Long Run are all heavily armed against tramps. Saturday they searched the country over for members of the gang intending to wreck dire vengeance for loss of money, but not one was found. The entire country is infested with tramps, and robberies, little and big, are a daily occurrence. The railroads have given orders to their men not to carry tramps if they value their jobs.

FOUND DROWNED.

Body of a Man Who Disappeared Two Months Ago.

CAMDEN, N. J., Jan. 17.—The body of E. Pierre Jerré of this city, who disappeared last November, was found in Mantau creek, near Paulsboro, and identified. His throat had been cut but the postmortem showed that drowning had caused death. It was first thought that he had been murdered but the authorities believe he committed suicide, as he had twice before tried to end his life.

Bricklayers and Masons.

PEORIA, Ill., Jan. 17.—The convention of the Bricklayers and Masons International union is getting down to business now that the committees are completing their work. The total membership is reported at 56,396, of whom but 31,680 are employed. For beneficial purposes \$280,515 has been expended and there is \$83,376 in the treasury. The establishment of a national home for aged members is favored.

LOGAN CARLISLE.

Son of Ex-Secretary of the Treasury Dead In New York.

NEW YORK, Jan. 17.—Logan Carlisle chief clerk of the treasury department during the last Cleveland administration, died suddenly yesterday at the home of his father, John G. Carlisle, ex-secretary of the treasury. He had been in poor health for more than a year, and recently had returned from a fruitless search for relief at Hot Springs. Five days ago he was forced to take to his bed, but his condition was not considered alarming until yesterday afternoon. The cause of death is given as heart failure.

Logan Carlisle was born in Covington, Ky., in 1860, and was graduated from the University of Virginia. He practiced law in Kentucky, later removed to Wichita, Kan. He was active in politics, and especially in the campaign of 1882. He was appointed chief clerk in the department in March, 1883. He held that position until after the inauguration of President McKinley. Last month Mr. Carlisle came to New York and joined his father's firm.

The body will be taken to Covington for burial.

General Anger.

BUTTERWORTH DEAD

Commissioner of Pensions Passes Away at Thomasville, Ga.

WAS ILL FOR SEVERAL WEEKS.

He Went South to Recuperate From an Attack of Pneumonia, but Suffered a Relapse—His Family at His Bedside, Served Five Terms in Congress—Deaths of Logan Carlisle and General Anger.

THOMASVILLE, Ga., Jan. 17.—Hon. Benjamin Butterworth, United States commissioner of patents, who has been ill at Piney Woods hotel here several weeks, died at 3:15 yesterday afternoon. The end was peaceful and when it came his wife and children were at his bedside. He came here to recuperate from

THE DEAD STATESMAN.

an attack of pneumonia and recovered rapidly till two weeks ago when he suffered from uremic convulsions. From that relapse he never recovered. His body was sent to Washington today.

Benjamin Butterworth was what is known as a "birthright Quaker." Those who knew him best during his busy career are unanimous in saying of him: "His daily life was an exemplification of the tenets of that good old faith as that of any public official could be."

He was born in Warren county, O., Oct. 22, 1837; was a member of the state senate of Ohio from Warren and Butler counties in 1872-74; was elected from the First Ohio district to the 47th, 49th, 50th and 51st congresses. From then until appointed to the position he occupied at his death he devoted most of his time to the practice of law, especially patent law, in Washington.

"Ben" Butterworth, as he has always been known in Ohio, spent his earlier years round about Mainville and Foster's Crossing—the latter a little station on the Little Miami railroad. His father was Wm. Butterworth, his mother a Linton, a family noted throughout the entire line for their keenness of intellect, powers of perception and strength in speech and debate. Both parents were of Quaker ancestry.

Major Butterworth's keen intellect and remarkable powers of perception were inherited from his mother. His first acquaintance with law was made in the office of Durbin Ward, then a successful practitioner in Cincinnati.

During the war he attained the rank of major in an Ohio regiment. He was commissioner of patents first during the administrations of Garfield and Arthur and his record made then and subsequently had great weight with President McKinley in selecting him for that position. He was made secretary of the world's fair project early in the inception of that great enterprise at Chicago during the early 90s and worked along in that capacity with honor to himself and profit to the company until its close.

A wife and four children survive the dead statesman. His wife was Miss Mary Schuyler of Pennsylvania. The children are Mrs. Howe of Washington, a widow; William, who married a Miss Deere of Maine; Ike, young Ben, who was injured in a college game early in life, and Frank, whose prowess as a football coach and fullback is almost international.

SENSATIONAL SUIT.

Crowned King Mining Company, an Illinois Corporation, Defendant.

PRESCOTT, A. T., Jan. 17.—A sensational suit has been filed here in connection with the Crowned King Mining company, an Illinois corporation. The plaintiff, Orrin F. Place, owner of one-third of the stock, sues the company and five former directors, N. C. Sheldens, J. M. Taylor, Reuben Wilkinson, W. T. Vandever and C. P. Harrington, alleging that Sheldens and Harrington, owning more than half the stock, have depreciated its value by mismanagement and improper issue of stock, upon which it is claimed the defendants paid themselves \$27,000 in fraudulent dividends and also that the salary roll was improperly swelled. The plaintiff asks for a receiver and for an accounting.

TECHNICAL QUESTION

Attorney General Asked to Define Standing of Boiler Insurance Companies.

COLUMBUS, O., Jan. 17.—State Insurance Commissioner Matthews has submitted to Attorney General Monnett a question as to whether companies who insure boilers in this state must deposit with the state \$50,000, as other companies are required to do. Heretofore they have not been required to make such deposit. The two principal companies taking these risks in Ohio—the Fidelity and Casualty of Philadelphia, and the Hartford of Hartford, Conn.—have been asked to submit briefs in the matter.

WERE DISARMED.

Judge Williams Takes Precaution Against Trouble In Court.

DANVILLE, Ky., Jan. 17.—The cases of Peyton and Elsie Langford, charged with maliciously shooting and wounding Will Mullins and Latham King at Livingston, were called Saturday at Mount Vernon and continued until next week. Everything was quiet, but many armed members of the Langford and Mullins factions were in town, and very little would have caused another clash. Judge Williams disarmed everybody entering the courtroom and put the principals under heavy peace bonds.

FISH DEALERS COMBINE.

It Will Endeavor to Control the Price of Lake Fish.

CLEVELAND, Jan. 17.—The fish dealers of this city, Sandusky, Lorain, Erie and Buffalo have formed a combination, of which a Mr. Carter, of Erie, is the sales agent. The object of the combination is to control the price of lake fish in the eastern markets, and a noticeable stiffening of prices has resulted already.

CONDITIONS IN HAVANA.

Excitement Continues and a Revolt Probable at Any Time.

HAVANA, via Key West, Jan. 17.—Although outwardly order is restored here, great excitement continues, and unless the newspapers exercise, under the press censorship, great prudence, a general revolt is probable, with much blood shed, because in such an event the army volunteers would fraternize.

SHOOTING AT A DANCE.

Two Men are Killed and Two Fatally Wounded.

LITTLE ROCK, Jan. 17.—At a dance in the Falls plantation in Mississippi county a shooting affray took place between the three sons of Aramis Phillips on one side and the three sons of Weight Ray on the other. Two men were killed and two fatally wounded.

Pope's Encyclical Read.

MONTREAL, Jan. 17.—The pope's encyclical on the Manitoba school question has been read in all the churches of the dioceses of Montreal, Three Rivers, Sherbrooke, St. Hyacinthe, Chicoutim and Rimouski. Archbishop Bouches of Montreal is causing the encyclical to be promulgated, had it accompanied simply by a short letter recommending it to the careful consideration of the faithful.

A healthy woman

will always find Love. Health and Beauty are twins that do not have to seek far or long to find Cupid. It is the woman who suffers from ill-health as a result of weakness and disease of the distinctly feminine organs, who leads a loveless and childless life. It is in every woman's power to be healthy and consequently attractive. The man-spring of woman's nature is in her distinctly womanly self. When she suffers in that part of her organism, she suffers in every nerve and fiber of her body, and her suffering is pictured in her face, and reflected in her disposition and temper.

It is easy for a woman to be well and strong in a womanly way. Dr. Pierce's Favorite Prescription acts directly upon the important and delicate organs that constitute womanhood. It makes them strong and healthy. It allays inflammation, heals ulceration, soothes pain and gives the tortured nerves rest and tone. It prepares for wifehood and motherhood. Taken during the expectant period it banishes the usual discomforts, makes the coming of baby easy and painless, and insures the health of the newborn. Thousands of women have said so. All good druggists sell it.

"Please accept my thanks," writes Mrs. Margaret Pearce, of Stoughton, Bedford Co., Ohio, "for the good you medicine has done me. I truly believe that Dr. Pierce's Favorite Prescription saved my life. It is a sure and certain cure for 'female troubles.' I am having perfect health. Nothing did me any good until I heard of you. My good health pleases me and pleases my husband. Every invalid lady should take Doctor Pierce's Favorite Prescription and 'Golden Medical Discovery.'"

One line in a good, practical, home medical book will sometimes save a life. Dr. Pierce's Common Sense Medical Adviser is the best book of that description published. Over a million women own copies and thousands of them have written testifying to its great value. A new edition is ready and will be given away free. If you want a paper-covered copy, send at one cent stamps, to cover the cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y. For cloth binding, 31 stamps.

Sick stomach comes from poor food, poor nourishment means poor health, poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach.

Darkest American.

The performance at the opera house Saturday night "Darkest America," drew a good house, and those who attended were well entertained. The local management was fortunate to secure this company.

Salem Without Saloons.

Only a few months ago Salem had five saloons, but the last one of those closed its doors Thursday night. This is a direct result of the work of Evangelist Sunday there a few weeks ago.

The Ton-ka-way Concert Company, after playing a two weeks engagement at this place, left last Sunday for Seymour, where they will remain for three or four weeks. The entire company formed some warm friendships while here, and the citizens in general regretted their departure.—Crothersville Commercial.

Consumption Positively Cured.

Mr. B. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. Announcement.

The Courier Journal Almanac for 1898, about which so much has been said and written, is now on sale. It contains nearly 500 pages and over 10,000 facts and topics. Among the features of special interest will be found a detailed comparison of the tariffs of 1894 and 1897. The subject of Alaska with its gold fields and disputed boundary, is of such wide interest, that great care has been exercised in presenting the most authentic particulars obtainable. A very useful map of Alaska has been added to assist the reader as well as the traveler. Some space has been devoted to the war in the war in the East. The statistics upon education, agriculture, domestic commerce, gold and silver, pensions, and other subjects are full, impartial and as accurate as possible. To the politician the full reports of the election of 1897 and of some preceding years, with the names of members of congress. Federal officeholders, the officers of the various state governments, the state platform of last year, are of the highest interest. To agriculturists the reports of crops will be of use for constant reference. The sketches of men who came into prominence last year will be of interest to all classes of readers. A summary of the principal events of 1897, such as cannot be found anywhere else, will be exceedingly serviceable to all classes of readers.

The price of this handy manual and volume of useful information is only 25 cents. It is on sale through newsdealers.

THE NATION SPEAKS OF DR. W. I. SWAIN'S CATARRH CURE.

MANHATTAN, Kas., Jan. 23rd, 1895.

Ton-Ka-Way Remedy Co.

My Dear Sirs—As I have neglected writing for several weeks, I will now inform you how Mr. Johnson is getting along; he has been using Dr. W. I. Swain's Catarrh Cure regularly, he can now work every day early and late, never gets tired, he has no more bad breath, never has a cold nor has the least pain, in fact the symptoms of catarrh are entirely gone. This is the first time for several years that Mr. Johnson has been free of catarrh. We consider the remedy a god-send to the people. Two months treatment will perform a positive cure on my husband. He sends you his love and thanks.

MRS. S. E. JOHNSON.

DEXTER MO., Dec. 8, 1894.

Ton-Ka-Way Remedy Co., Memphis, Tenn.

Please allow me to offer a few words

of praise to Dr. W. I. Swain's Catarrh Cure. For the past seven years I have been suffering from catarrh and bronchitis. I moved here several months ago for my health, leaving home and friends behind in Iowa. I am so well and improving so fast by your treatment that I expect to return home soon. Your catarrh remedy reaches the diseased parts to perfection as it is inhaled through the entire air-passages. I have taken several bottles of your stomach remedy, Ton-Ka-Way. The combined treatment is forming a won'tful cure for me.

I am ever your true friend.

REPUBLICAN.

My Dear Friends—It is now two

years since I took the last of Dr. W. I. Swain's Catarrh Cure and Ton-Ka-Way. My eyes, nose and throat are well. I never thought I would be as well as I am now, and I shall never cease thanking the gentlemen that advised me to try your remedies for catarrh. Just think I was a young lady and the doctors all told me that I could not be cured. After suffering four years I commenced your treatment. I have re-commenced you to everybody but so many love their money better than their health, that they neglect to treat until they are so bad. Your remedy is so cheap I cured myself for \$3.50. I am cured and I thank God. I can sleep well, can ride horseback for hours, eat what I wish.

I am your sincere friend,
MARTHA E. HOBBS.

TERRIBLE ACCIDENT

Ex-Senator Blackburn's Youngest Daughter Shoots Herself.

ANTITOXIN SERUM EXPERIMENT

Results of a Practical Test Reported to Secretary Wilson of the Agricultural Department—Cuban Debate Likely in the House This Week—Other Capital City News.

WASHINGTON, Jan. 17.—Mrs. Lucile Lane, youngest daughter of ex-Senator Blackburn of Kentucky, shot herself in her apartments at the Wellington hotel Saturday night about midnight just as she was preparing for bed. The state-ment given out by the family is that the shooting was accidental and was caused by a small pistol which, catching in some lace in the drawer, fell as she lifted them and exploded by the hammer striking the edge of the drawer. The wound is in the left breast and is probably fatal. Mrs. Lane is suffering from shock so severely that the physicians have not yet made any attempt to locate the bullet.

Senator Blackburn is deeply affected by the occurrence. He does not live with his daughter, and when the affair occurred was summoned from his room on New York avenue, remaining there after at Mrs. Lane's hotel. Mrs. Blackburn, who is not in the city, has been telegraphed for. Mrs. Lane's elder sister, Corinne, is the wife of Lieutenant Colonel Halt, now at Fort Worth, Tex.

ANTITOXINE SERUM.

It Proves to be a Great Remedial Agent in Hog Cholera.

WASHINGTON, Jan. 17.—The chief of the bureau of animal industry, Dr. D. E. Salmon, has submitted to Secretary Wilson a report upon the experiments made in the treatment of hogs for hog cholera with antitoxine serum. This serum is made upon the same principle as the antitoxine of diphtheria.

This serum was last fall tested in Page county, Ia., on several herds of swine, containing altogether 278 and definite returns as to cause of death made. Leaving out one herd, from which could not be obtained, only 89 died out of 244 animals treated, of which 86 were sick. Consequently 83.5 per cent of the animals in these herds were saved.

Of untreated herds kept under observation during the period referred to about 85 per cent of the animals died. Secretary Wilson says that undoubtedly the results reported by Dr. Salmon will be most encouraging to hog raisers. The cost of the serum now is but 10 cents per head of animals treated, only one dose being required.

"It is, in my opinion," said the secretary, "of the utmost importance that this serum for the next year at least be made by the bureau under our own supervision and distributed in large quantities in order to demonstrate its efficacy upon a more extended scale. It is absolutely essential that during the experimental stage serum of undoubted quality be used."

"I propose to ask Congress to provide an appropriation necessary to enable this department to furnish 2,000,000 doses of serum during the next year and to make a considerable portion of the appropriation immediately available."

"The losses from hog cholera are so enormous and have weighed so heavily upon our farmers that I cannot imagine that congress will for a moment hesitate to make the appropriations necessary to carry on this work thoroughly. Indeed, apart from the stake farmers have in this matter, to refuse to provide for a thorough test of this remedy now would be indeed penny-wise and pound foolish, for the discovery of this serum has involved already many years of work and a very large sum of money. It would be a great mistake, now that so great a discovery seems to have been made, not to fish the work by giving it a thorough and extensive test."

CUBAN SITUATION.

Debate Likely to Be Precipitated in the House.

WASHINGTON, Jan. 17.—The house is likely to become the arena for a general discussion of our foreign relations in connection with the consideration of the diplomatic and consular appropriation bill during the present week. The Cuban situation, the annexation of Hawaii and the designs of the European powers toward China will, of course, be the principal topics to attract attention. The house managers do not want an extended debate on Cuba precipitated at this time, but the minority is determined to press the question during the consideration of this bill. They believe the time is particularly opportune owing to the anti-anarchy riots in Havana.

Pensions Granted.

WASHINGTON, Jan. 17.—Pensions have been granted to the following Indians: Original—Milton H. Snyder, National Military home, Grant, \$8; Charles J. Many, Indianapolis, \$6; Benjamin F. Burges, Clinton, \$4. Additional—David M. Dove, Irvington, \$6 to \$10. Mexican war widows—Catherine Huckemeier, Richmond, \$8. Reissne—James M. Watkins, New Albany, \$12; William J. Byers, Shoals, \$12. Original widows, etc.—Margaret Black, Selma, \$8; minor of Dallas Lawson, Lapel, \$8; minor of Charles W. Haines, Farmersville, \$10; minor of Joseph Wisemiller, Indianapolis, \$10; minor of Andrew J. Wells, Sr., Muncie, \$10; Mary F. Harris, Jeffersonville, \$8.

TOOK HIS LIFE.

Twelve Year Old Boy Suicides by Hanging Near Vevay.

VEVAY, Ind., Jan. 17.—The 12-year-old son of Charles Weatherderry, a farmer living near here, hanged himself Saturday. He had been working with his father and left him, going to the barn. His father followed about 30 minutes after and found him hanging from a rafter, with one end of halter tied around his neck. No cause is known for the act, as he has always been a good boy.

Suicide of a Spiritualist.

CROWNS POINT, Ind., Jan. 17.—William Doll, a prosperous farmer at Franceville, Pulaski county, committed suicide by placing a halter around his neck and jumping from a rafter in his barn. He left no letter stating why he took his life. He was a strong spiritualist and friends think he wished to join some of his departed relatives.

GOLD.

Klondike Discovered by a Kentucky Farmer at Verona.

VERONA, Ky., Jan. 17.—David Hodgins, a farmer near this place, has discovered what seems to be a gold mine on his farm, and specimens of the deposit have been sent to Cincinnati for analysis.

B. K. Menefee, of Verona, said: "All who have seen the specimens which were taken out are enthusiastic about the discovery."

D. E. Connor, a Covington metallurgist, said: "The geological formation of northern Kentucky is such that a geologist would expect gold to be found in many places. How rich the deposit may be is of course a matter that only investigation can show."

FOR DRYFUS.

M. Zola's Petition Assuming Significant Proportions.

PARIS, Jan. 17.—The list of persons signing the petition circulated by M. Zola, Antoine France and others for a retrial of former Captain Alfred Dreyfus is becoming impressively significant. Numerous members of the institute and other prominent persons are signing, which shows that the movement is daily growing in respectability and influence.

On the other hand, the anti-Zola campaign, started by the students, is extending to Marseilles, Toulon, Lyons, Nancy and other large towns.

MINERS ARE ARMED.

Will Defend Themselves Against Depredations by Tramps.

BRIDGEPORT, O., Jan. 17.—Miners at Dillonvale and Long Run are all heavily armed against tramps. Saturday they searched the country over for members of the gang intending to wreck dire vengeance for loss of money, but not one was found. The entire country is infested with tramps, and robberies, little and big, are a daily occurrence. The railroads have given orders to their men not to carry tramps if they value their jobs.

FOUND DROWNED.

Body of a Man Who Disappeared Two Months Ago.

CAMDEN, N. J., Jan. 17.—The body of E. Pierre Jerré of this city, who disappeared last November, was found in Mantau creek, near Paulsboro, and identified. His throat had been cut but the postmortem showed that drowning had caused death. It was first thought that he had been murdered but the authorities believe he committed suicide, as he had twice before tried to end his life.

Bricklayers and Masons.

PEORIA, Ill., Jan. 17.—The convention of the Bricklayers and Masons International union is getting down to business now that the committees are completing their work. The total membership is reported at 56,396, of whom but 31,850 are employed. For beneficial purposes \$280,515 has been expended and there is \$353,376 in the treasury. The establishment of a national home for the aged is one of the objects of the union.

General Anger.

WASHINGTON, Jan. 17.—General Christopher Colon Anger, U. S. A., retired, died of old age at his home in West Washington last night. General Anger was one of the three surviving members of the class of '43 at West Point, the class with which General Grant graduated.

Father of the House of Commons.

BUTTERWORTH DEAD

Commissioner of Pensions Passes Away at Thomasville, Ga.

WAS ILL FOR SEVERAL WEEKS.

He Went South to Recupere From an Attack of Pneumonia, but Suffered a Relapse—His Family at His Bedside. Served Five Terms in Congress—Deaths of Logan Carlisle and General Anger.

THOMASVILLE, Ga., Jan. 17.—Hon. Benjamin Butterworth, United States commissioner of pensions, who has been ill at Piney Woods hotel here several weeks, died at 3:15 yesterday afternoon. The end was peaceful and when it came his wife and children were at his bedside. He came here to recuperate from

THE DEAD STATESMAN.

an attack of pneumonia and recovered rapidly till two weeks ago when he suffered from uremic convulsions. From that relapse he never recovered. His body was sent to Washington today.

Benjamin Butterworth was what is known as a "birthright Quaker." Those who knew him best during his busy career are unanimous in saying of him: "His daily life was an exemplification of the tenets of that good old faith as that of any public official could be."

He was born in Warren county, O., Oct. 29, 1837, was a member of the state senate of Ohio from Warren and Butler counties in 1873-74; was elected from the First Ohio district to the 47th, 49th, 50th and 51st congresses. From then until appointed to the position he occupied at his death he devoted most of his time to the practice of law, especially patent law, in Washington.

"Ben" Butterworth, as he has always been best known, spent his earlier years round about Maineville and Foster's Crossing—the latter a little station on the Little Miami railroad. His father was Wm. Butterworth, his mother a Linton, a family noted throughout the entire line for their keenness of intellect, powers of perception and strength in speech and debate. Both parents were of Quaker ancestry.

Major Butterworth's keen intellect and remarkable powers of perception were inherited from his mother. His first acquaintance with law was made in the office of Durbin Ward, then a successful practitioner in Cincinnati.

During the war he attained the rank of major in an Ohio regiment. He was commissioner of patents first during the administrations of Garfield and Arthur and his record under them was subsequently had great weight with President McKinley in selecting him for that position. He was made secretary of the world's fair project early in the inception of that great enterprise at Chicago during the early 90s and worked along in that capacity with honor to himself and profit to the company until its close.

A wife and four children survive the dead statesman. His wife was Miss Mary Schuyler of Pennsylvania. The children are Mrs. Howe of Washington, a widow; William, who married a Miss Deere of Moline, Ill.; young Ben, who was injured in a college game early in life, and Frank, whose prowess as a football coach and fullback is almost international.

LOGAN CARLISLE.

Son of Ex-Secretary of the Treasury Dead in New York.

NEW YORK, Jan. 17.—Logan Carlisle chief clerk of the treasury department during the last Cleveland administration, died suddenly yesterday at the home of his father, John G. Carlisle, ex-secretary of the treasury. He had been in poor health for more than a year, and recently had returned from a fruitless search for relief at Hot Springs. Five days ago he was forced to take to his bed, but his condition was not considered alarming until yesterday afternoon. The cause of death is given as heart failure.

Logan Carlisle was born in Covington, Ky., in 1860, and was graduated from the University of Virginia. He practiced law in Kentucky, and later removed to Wichita, Kan. He was active in politics, and especially in the campaign of 1882. He was appointed chief clerk in the department in March, 1883. He held that position until after the inauguration of President McKinley. Last month Mr. Carlisle came to New York and joined his father's firm.

The body will be taken to Covington for burial.

General Anger.

WASHINGTON, Jan. 17.—General Christopher Colon Anger, U. S. A., retired, died of old age at his home in West Washington last night. General Anger was one of the three surviving members of the class of '43 at West Point, the class with which General Grant graduated.

Father of the House of Commons.

LONDON, Jan. 17.—Right Hon. Charles Pelham Villiers, member of Parliament from South Wolverhampton, and known as the father of the house of commons, having sat continuously in the house since 1835, died last night.

Indiana—Increasing cloudiness and showers, beginning as snow in northern portions; warmer.

Ohio—Fair, followed by increasing cloudiness and showers tonight; warmer.

SENSATIONAL SUIT.

Crowned King Mining Company, an Illinois Corporation, Defendant.

PRESBURY, A. T., Jan. 17.—A sensational suit has been filed here in connection with the Crowned King Mining company, an Illinois corporation. The plaintiff, Orrin F. Place, owner of one-third of the stock, sues the company and five former directors, N. O. Shocks, J. M. Taylor, Reuben Wilkison, W. T. Vandever and C. P. Harrington, alleging that Shocks and Harrington, owning more than half the stock, have depreciated its value by mismanagement and improper issue of stock, upon which it is claimed the defendants paid themselves \$27,000 in fraudulent dividends and also that the salary roll was improperly swollen. The plaintiff asks for a receiver and for an accounting.

TECHNICAL QUESTION.

Attorney General Asked to Define Standing of Boiler Insurance Companies.

COLUMBUS, O., Jan. 17.—State Insurance Commissioner Matthews has submitted to Attorney General Monnett a question as to whether companies who insure boilers in this state must deposit with the state \$50,000, as other companies are required to do. Heretofore they have not been required to make such deposit. The two principal companies taking these risks in Ohio—the Fidelity and Casualty of Philadelphia, and the Hartford of Hartford, Conn.—have been asked to submit briefs in the matter.

WERE DISARMED.

Judge Williams Takes Precaution Against Trouble in Court.

DANVILLE, Ky., Jan. 17.—The cases of Peyton and Elsie Langford, charged with maliciously shooting and wounding Will Mullins and Latham King at Livingston, were called Saturday at Mount Vernon and continued until next week. Everything was quiet, but many armed members of the Langford and Mullins factions were in town, and very little would have caused another clash. Judge Williams disarmed everybody entering the courtroom and put the principals under heavy peace bonds.

FISH DEALERS COMBINE.

It Will Endeavor to Control the Price of Lake Fish.

CLEVELAND, Jan. 17.—The fish dealers of this city, Sandusky, Lorain, Erie and Buffalo have formed a combination, of which a Mr. Carter, of Erie, is the sales agent. The object of the combination is to control the price of lake fish in the eastern markets, and a noticeable stiffening of prices has resulted already.

CONDITIONS IN HAVANA.

Excitement Continues and a Revolt Probable at Any Time.

HAVANA, via Key West, Jan. 17.—Although outwardly order is restored here, great excitement continues, and unless the newspapers exercise, under the press censorship, great prudence, a general revolt is probable, with much blood shed, because in such an event the army volunteers would fraternize.

SHOOTING AT A DANCE.

Two Men are Killed and Two Fatally Wounded.

LITTLE ROCK, Jan. 17.—At a dance in the Falls plantation in Mississippi county a shooting affray took place between the three sons of Arminstead Phillips on one side and the three sons of Weight Ray on the other. Two men were killed and two fatally wounded.

Pope's Encyclical Read.

MONTREAL, Jan. 17.—The pope's encyclical on the Manitoba school question has been read in all the churches of the dioceses of Montreal, Three Rivers, Sherbrooke, St. Hyacinthe, Chicoutimi and Rimouski. Archbishop Bouches of Montreal is causing the encyclical to be promulgated, had it accompanied simply by a short letter recommending it to the careful consideration of the faithful.

A healthy woman will always find Love.

Health and beauty are twin sisters that do not have to seek far and find Cupid. It is the woman who suffers from ill-health as a result of weakness and disease of the distinctly feminine organism, who leads a loveless and childless life. It is in every woman's power to be healthy and consequently attractive. The main-spring of woman's nature is in her distinctly womanly-self. When she suffers in that part of her organization, she suffers in every nerve and fiber of her body, and her suffering is pictured in her face, and reflected in her disposition and temper.

It is easy for a woman to be well and strong in a womanly way. Dr. Pierce's Favorite Prescription acts directly upon the important and delicate organs that constitute womanhood. It makes them strong and healthy. It also invigorates, heals, ulceration, soothes pain and gives the tortured nerves rest and tone. It prepares for wifehood and motherhood. Taken during the expectant period it banishes the usual discomforts, the coming of baby easy and painless, and insures the health of the newborn. Thousands of women have said so. All good druggists sell it.

"Please accept my thanks," writes Mrs. Maud Pearce, of Stoughton, Fitchburg Co., Ohio, "for the good your medicine has done me. I truly believe that Dr. Pierce's Favorite Prescription saved my life. It is a sure and certain cure for 'female troubles.' I am having perfect health. Nothing did me any good until I heard of you. My health is restored and I am happy. Every invalid lady should take Doctor Pierce's Favorite Prescription and 'Golden Medical Discovery.'"

One line in a good, practical, home medical book will sometimes save a life. Dr. Pierce's Common Sense Medical Adviser is the best book of that description published. Over a million women own copies, and thousands of them have written testifying to its great value. A new edition is ready and will be given away FREE. If you want a paper-covered copy, send 21 one-cent stamps to cover the cost of mailing only to World's Dispensary Medical Association, Buffalo, N.Y. For cloth binding, 31 stamps.

WITNESSES ABSENT

The Trial of Nine Whitecaps Balked Thereby.

KIEFER ACQUITTED OF MURDER

Arguments Begun in the Pottmeyer-McIntosh Murder Case—Has Been Married Eleven Times—Crushed by Falling State—Convict Escapes to Meet Death—Everett Out on Bail.

BLOOMINGTON, Ind., Jan. 17.—The trial of the nine men indicted for whitecapping Milton Southern and his family was to come up today, but all the prosecuting witnesses, it is alleged, including Milton Southern, the man whipped, have disappeared and cannot be found. Officers searched the neighborhood, looking for those who were to appear as witnesses and found the houses vacant where the Southern had lived.

It is alleged that the men indicted had Southern leave to put a stop to the trial. Over 100 witnesses had been summoned and it promised to be one of the most sensational trials in the history of southern Indiana.

CATHOLIC KNIGHTS.

Officers of the Uniform Rank Instructed Not to Recognize J. W. Nordham.

ANDERSON, Ind., Jan. 17.—Indiana Uniform Rank, Catholic Knights of America commanders have received official instructions from Commander-in-chief Kadeski in which he warns the officers against recognizing J. W. Nordham of Vincennes as commander-in-chief, holding that the gathering in Mobile last week, at which Nordham was elected, was irregular and illegal. It is thought the matter will be taken into the courts or the pope will be asked to interfere. The order now numbers nearly 20,000 uniformed members and is the recognized body of the Catholic church in America.

RELEASED ON BAIL.

Was Not Charged With Forgery but False Pretense.

DECATUR, Ind., Jan. 17.—C. E. Everett, of Fort Wayne, was released on \$4,000 bail Saturday, furnished by a number of prominent citizens of Fort Wayne. Mr. Everett is very indignant over dispatches sent out that he was charged with forgery. He was charged with obtaining money under false pretense. He says he is not guilty of wrong doing and will easily prove his innocence. Everett claims the charge is solely for the collection of a civil debt.

SELF DEFENSE.

Jury Says Charles Kiefer So Killed His Father.

MADISON, Ind., Jan. 17.—The jury in the Kiefer murder case returned a verdict of acquittal after an exciting trial. Charles Kiefer, the prisoner, was charged with killing his father, Smith Kiefer, at Scipio, last November. The case was venued here from Jennings county, and tried before Judge Bear. Young Kiefer showed a good case of self defense. At the time of the shooting the father, who had driven his son from home, was pursuing him and the boy's life was in danger.

Crazed Over Religion.

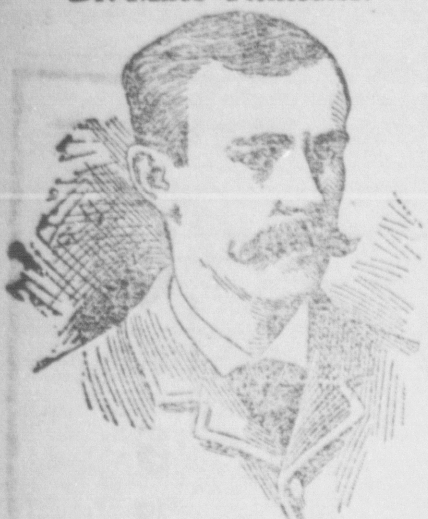

COLUMBUS, Ind., Jan. 17.—Nathan Davis, of this county, attended Quaker revival meetings last week. He is now in jail, being crazy over the excitement. Davis is a highly respected school teacher. Some other people who have been attending the meetings are greatly excited.

Pottmeyer-McIntosh Murder Case.

LOGANSPORT, Ind., Jan. 17.—The taking of testimony in the trial of John McIntosh for killing Frank Pottmeyer, the saloonkeeper in November, was concluded Saturday evening. The arguments began this morning

Railroad Engineer

Testifies to Benefits Received From
Dr. Miles' Remedies.

There is no more responsible position on earth than that of a railroad engineer. On his steady nerves, clear brain, and perfect self command, depend the safety of the train and the lives of its passengers. Dr. Miles' Nervine and other remedies are especially adapted to restore the nerves steady, the brain clear, and the mental faculties unimpaired.

Dr. Miles' Nervine, formerly of 1335 Broadway, New York, but now residing at 1111 Broadway, New York, writes that he has used Dr. Miles' Nervine for years on occasion, and has found it to be a most reliable remedy for the nervous system, and has recommended it to many of his friends.

DISTRICT CONVENTION.

Call to Meet at Greensburg, Tuesday, February 1, 1898.

The republicans of the Fourth Congressional District of Indiana, are invited to meet in delegate convention, at the city of Greensburg, on Tuesday, February 1, 1898, at 11:30 o'clock a. m., for the purpose of selecting a Republican District Committee.

The representation in said convention will be one delegate and one alternate delegate for every 200 and fraction thereof of 100 or more votes cast for Henry G. Thayer, elector at large for the state of Indiana, at the election held Nov. 3, 1896.

The apportionment of delegates to the several counties of said district is as follows:

Bartholomew.....16
Brown.....4
Dearborn.....14
Decatur.....14
Jackson.....13
Jefferson.....18
Jennings.....10
Ohio.....4
Ripley.....13
Switzerland.....8

Total.....114
The county committee of each county will apportion the delegates to the various precincts, wards or townships, and give notice of the place and hour of such meetings, the date of which is January 22, 1898. The business of the meeting is to select one delegate and one alternate to the district meeting, and one member of the County Central committee.

Notice of such meetings shall be given by publication in the republican press of the county at least ten days before such meeting; and if there be no paper, then by posting five notices in each precinct.

The county committees will meet on January 29, 1898, at 2:00 o'clock p. m. to organize by electing chairmen and vice-chairmen, and provide for the selection of a secretary and a treasurer.

On behalf of the committee, the republicans of Decatur county, and the citizens of Greensburg, I extend to all a hearty invitation to be present at the district meeting.

The call and business being made by order of the State Central Committee.

JAMES E. CASKEY,
District Committeeman Fourth District.

REPUBLICAN TOWNSHIP CONVENTION.

The republicans of the several townships of Jackson county will meet in mass convention at such places as the township committee may select, on Saturday Jan. 22, 1898, at 2 o'clock p. m. for the transaction of the following business:

First—Elect one member for the county central committee from each voting precinct in the county who will meet at Greensburg on Saturday January 29th, 1898, for the purpose of electing a county chairman and vice chairman.

Second—Elect delegates and alternate delegates to the Fourth Congressional District convention to be held at Greensburg, Ind. on Tuesday Feb. 1st, 1898, for the purpose of electing a member of the state committee for said district.

The townships are entitled to the following number of delegates and alternate delegates:

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ANCIENT STUTTGART.

Postal and Traveling Accommodations of the Old German City.

The post relations of ancient Stuttgart were unpretentious. The two maid-servants of the postmaster distributed through the city the daily letters, which they carried in the same basket with the family marketing. Letters were carried out of the city by postillions. There was a number of couriers, and as a surety against mistakes there hung in the post office, beside the curious mail bags, a huge whip, with which, when the commission had been given to the courier, a powerful blow for the strengthening of his memory was dealt him.

Coaches and post wagons were innocent of any suggestion of comfort—a high, clumsy wooden box was secured by thick leather straps, and in the cavernous bottom were confined together packages and passengers. Up and down hill, over ruts and rocks, the cumbersome vehicle rattled on its way, the hapless travelers being ever on the defensive against the assaults of tumbling boxes and bundles. And then the weary slowness of the way! Formerly the journey from Stuttgart to Tubingen was made in 12 hours. The same journey is now made in four hours. The postillions alighted to take refreshments when it pleased them, and one traveler has left a dismal record of a journey that he once made, during which the driver took the horses from the carriage and attached them to a hay wagon that had been left mired in the mud. The man drove the wagon into the next village, and when there he joined the grateful neighbors in a carousal, while the tired passengers languished on the dusty country road.—Elise J. Allen in Harper's Magazine.

How to Look Well

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive you have a bilious look; if your stomach be disordered you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at W. F. Peters drug store. 50 cents per bottle.

THE MOON AND I.

A golden moon that leans her gentle face
On the blue darkness of the summer sky—
We watched her steal aloft a little space,
My love and I.

Parting the opal clouds, upward she rose
To wander lonely amid the stars on high.
We thought our world as bright as one of those,
My love and I.

Dear love, the moonlight smote your rippling hair
And made you smile you knew not how nor why.
My heart beat strangely as we lingered there,
My love and I.

I asked her, fooled by the bewildering light,
If she would try to love me by and by.
She rose and left me. I stood in the night,
The moon and I.

THE SPORTS OF LONG AGO.

They Were Substantially the Same as Those of the Present Day.

The boys and girls of the present day who become enthusiastic over some new sport and boast that their particular "club" has the very "newest thing out" would be surprised if they could discover how closely many of the old time pastimes resemble our own.

The Eskimos of the frozen north, the Tupinambas of the Brazilian pampas, the gamins of the Paris streets, the boys and girls of London, of Boston and of Philadelphia, have one kindred tie—the love of sport. There is nothing new under the sun, said the wise man, and especially is there nothing new in youthful games.

Archaeologists have found dolls in Egyptian pyramids and on prehistoric tombs; the name of a popular ball club was found scrawled upon the outer walls of Pompeian houses, and one of the most exciting matches on record was the one stubbornly fought between the rival nines of Montezuma, king of Mexico, and Nezahualpilli, twin of Tezcuco.

The boys of ancient Greece and Rome played at whip top, and quoits, and baseball, and pitch penny, and blind-man's buff, and hide and seek, and jackstones, and follow my leader, just as do the boys of today. The girls were experts at seesaw, and swinging, and dancing, and grace hoops, and dice throwing, and ball play, and in Sparta, even at running, wrestling and leaping. Tobogganing is as old as ice and snow, and when you play at cherry pits you are only doing what Nero and Commodus and young Themistocles did ages ago in Rome and in Athens.

So, whatever the age or whatever the clime, boys and girls of the world have always lived more for play than for anything else, and however harsh or hard their surroundings, however stern or strict their fathers and their mothers, they always found and always made the most of the time for play.

Said a critic recently on the subject of recreation, "The sports of the day are fast reducing themselves into so many sciences, overweighted with rules and restrictions that often take the real play element from them and make them as unyielding as a problem in algebra."

There is no fun in making our sport a matter of life and death. I know growing people who in these days of prize giving in all manner of games center their whole desires not on the fun of the game, but on the prizes offered. They really seem as much disappointed if they do not carry off a trophy as if they had met with some serious loss. Let us take our fun with a jollity or not at all. Interest is one thing and irritability is quite another.

We have only to watch the intense excitement of some of the amateur players in popular games to realize that the critic was right about that algebra problem. The complaint of "unfairness" on one side and of disagreeable triumph on another seem to be the most noticeable features at the close of the sports of today, and we cannot help wondering if this was a feature of the games of olden times or if in this respect the young people of the present really have "something new."—Philadelphia Times.

BOY MURDERER.

To Emulate a Trashy Novel Here He Kills a Playmate.

PHILADELPHIA, Jan. 17.—The body of 5-year-old Percy Lookyar, who is believed to have been murdered on Friday night by 15-year-old Samuel Henderson, was yesterday found in the bottom of "Reddies" creek and there seems little doubt in the minds of the police that young Henderson is guilty of the crime. The body of the child when found was weighted by two heavy stones, one about his neck and the other around his ankles. His skull was crushed in and there was a knife thrust just above the heart and similar wounds on his breast, side and forehead, while on one side of his face was a long cut extending from below the eye to the chin. Henderson admits making these wounds, but claims it was an accident.

The police, however, believe it was a planned murder in which the guilty one also purposed ending the life of another small boy, Willie Addison, aged 7 years. Henderson, it is claimed, has been reading trashy novels of the wild western stamp and has shown a desire to emulate the "hero" of those tales. The police assert that Henderson accompanied Lookyar and Addison to the woods, tied both children to a tree, Addison broke away and ran home. It was then, it is said, that young Lookyar's death was accomplished. Dr. Morton, the coroner's physician, who examined the thrust above the heart, said that it caused the death of the little fellow.

FATHER AND SON.

Meeting of General and Commander Ballington Booth.

NEW YORK, Jan. 17.—After an interview between General William Booth of the Salvation Army and Commander Ballington Booth of the Volunteers of America, at the Winsor hotel, the following signed statement was given out by those who witnessed the interview:

"General William Booth and Commander Ballington Booth yesterday at the Windsor hotel met in the presence of Rev. Dr. Josiah Strong and Rev. Charles Cuthbert Hall.

"The interview was purely as between father and son. Nothing transpired calculating to lead to any amalgamation of the two movements. It was agreed that all public controversy in the press or otherwise between the two movements should as far as possible come to an end."

FIFTY ACRES OF FIRE.

Result of Work of Thoughtless Boys with Matches.

WHEELING, W. Va., Jan. 17.—Two thoughtless boys caused great mischief by applying a match to a spray of coal oil issuing from a small aperture in the Standard Oil company's pipe line from Sistersville and Mannington to Morgantown.

The pressure at that point was strong. Soon the burning spray melted the lead in the joints of the pipe which was six inches in diameter. Fifty acres of forest and field were soon ablaze. Two small bridges and two barns were burned. All the oil in 10 miles of 6-inch pipe, nearly 2,000 barrels, was consumed.

SHOT THE SHERIFF.

Who In Turn Shoots His Deputy Inflicting a Fatal Wound.

OKLAHOMA, O. T., Jan. 17.—In a row yesterday Fred Jones, a barkeeper, shot Chief of Police G. W. Jackson through the thigh. As he fell, Jackson fired at Jones but missed him and shot Bishop Armstrong, a deputy sheriff, inflicting a fatal wound. Jones is a brother of Milt Jones, the city marshal, who was killed in an affray at Oklahoma City two years ago by the Christian brothers, outlaws. Armstrong is said to have come from Texas.

COTTON SHIPMENT.

Seven Train Loads Arrive at Tacoma For China and Japan.

TACOMA, Jan. 17.—Seven train loads, amounting to 4,750 bales, of Texas cotton, have arrived in Tacoma for shipment to China and Japan on the steamers of the Northern Pacific line. The cotton came by way of St. Louis and St. Paul. A great deal of this cotton is standing in cars on the track. Heavy shipments of cotton are arriving at all Pacific coast points having orient lines.

THE AMERICAN MONTHLY REVIEW

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergy-men, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable," "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

Sick stomach means sick man [or woman].

Why not be well? Sick stomach comes from poor food, poor nourishment means poor health, poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach.

Announcement.

The Courier Journal Almanac for 1898, about which so much has been said and written, is now on sale. It contains nearly 500 pages and over 10,000 facts and topics. Among the features of special interest will be found a detailed comparison of the tariffs of 1894 and 1897. The subject of Alaska with its gold fields and disputed boundary, is of such wide interest, that great care has been exercised in presenting the most authentic particulars obtainable. A very useful map of Alaska has been added to assist the reader as well as the traveler. Some space has been devoted to the war in the war in the East. The statistics upon education, agriculture, domestic commerce, gold and silver, pensions, and other subjects are full, impartial and as accurate as possible. To the politician the full reports of the election of 1897 and of some preceding years, with the names of members of congress. Federal officeholders, the officers of the various state governments, the state platform of last year, are of the highest interest. To agriculturists the reports of crops will be of use for constant reference. The sketches of men who came into prominence last year will be of interest to all classes of readers. A summary of the principal events of 1897, such as cannot be found anywhere else, will be exceedingly serviceable to all classes of readers.

The price of this handy manual and volume of useful information is only 25 cents. It is on sale through newsdealers.

THE NATION SPEAKS OF DR. W. I. SWAIN'S CATARRH CURE.

MANHATTAN, Kas., Jan. 23rd, 1895.

My Dear Sirs:—As I have neglected writing for several weeks, I will now inform you how Mr. Johnson is getting along; he has been using Dr. W. I. Swain's Catarrh Cure regularly, he can now work every day early and late, never gets tired, he has no more bad breath, never has a cold nor has the least pain, in fact the symptoms of catarrh are entirely gone. This is the first time for several years that Mr. Johnson has been free of catarrh. We consider the remedy a god-send to the people. Two months treatment will perform a positive cure on my husband.

He sends you his love and thanks.

MRS. S. E. JOHNSON.

Dexera, Mo., Dec. 8, 1894.

Ton-Ka-Way Remedy Co., Memphis, Tenn.

Please allow me to offer a few words

of praise to Dr. W. I. Swain's Catarrh Cure. For the past seven years I have been suffering from catarrh and bronchitis. I moved here several months ago for my health, leaving home and friends behind in Iowa. I am so well and improving so fast by your treatment that I expect to return home soon. Your catarrh remedy reaches the diseased parts to perfection as it is inhaled through the entire air-passages. I have taken several bottles of your stomach remedy, Ton-Ka-Way. The combined treatment is performing a wonderful cure for me.

I am ever your true friend.

JOHN S. SANDERS.

WAGNER, I. T., March 20th, 1894.

REPUBLICAN.

My Dear Friends:—It is now two

years since I took the last of Dr. W. I. Swain's Catarrh Cure and Ton-Ka-Way. My eyes, nose and throat are well. I never thought I would be as well as I am now, and I shall never cease thanking the gentlemen that advised me to try your remedies for catarrh. Just to think I was a young lady and the doctors all told me that I could not be cured. After suffering four years I commenced your treatment. I have re-commenced you to everybody but so many love their money better than their health, that they neglect to treat until they are so bad. Your remedy is so cheap I cured myself for \$3.00. I am cured and I thank God. I can sleep well, can ride horseback for hours, eat what I wish.

I am your sincere friend.

THE BRIDGE BUILDERS.

We build a bridge of trust
From night to morn,
A mystic arch of dreams
Till day is born.

We build a bridge of trust
From friend to friend,
And often break the span
We cannot mend.

We build a bridge of trust
From shore to shore,
And shadow figures steal across
At peace forevermore.

THE USE OF COCAINE.

Horse Trainers and Jockeys Find It Useful as a Bracer For Their Nags.

Within a recent period cocaine has come into use on the race track as a stimulant. Horses that are worn and exhausted, or are uncertain as to speed and endurance, are given 10 to 15 grains of cocaine by the needle under the skin at the time of starting, or a few moments before.

The effects are very prominent, and a veritable muscular delirium follows, in which the horse displays unusual speed and often unexpectedly wins the race. This agitation continues, and the driver has difficulty in "slowing down" the horse after the race is over; not unfrequently the horse will go half way round again before he can be stopped. The exhaustion which follows is not marked, except in the great thirst and loss of appetite. Sometimes diarrhea and trembling follow. But good groomers give unusual attention to rubbing and bathing the legs in hot water and stimulants. The general effect on the horse is depression, from which he soon recovers, but it is found essential to give cocaine again to make sure of his speed. The notion of cocaine grows more transient as the use increases, and when a long period of scoring follows before the race drivers begin to give a second dose secretly while in the saddle. Sometimes the horse becomes delirious and unmanageable and leaves the track in a wild frenzy, often killing the driver, or he drops dead on the track from cocaine, although the cause is unknown to any but the owner and driver. Some horses have been given as high as 20 grains at a time, but this is dangerous and only given to worn-out animals, who may by this means win a race. It appears that cocaine is only used in running races and as a temporary stimulant for the time. It is claimed that the flashing eyes and trembling excitement of the horse are strong evidence of the use of cocaine. —Cincinnati Enquirer.

A Queen's Visit.

To be old and poor and bedridden is generally to be debarr'd from the greater privileges of life, but there was one old man in Scotland who found his disadvantages had procured him a privilege that the strong and more active members of his family were seeking in vain.

It was on an occasion when Queen Victoria was at Balmoral, and, as she often did, she went one day unaccompanied to visit the cottages. In one of these she found an old man, bedridden and quite alone, and she sat down to talk to him.

"And how is it you are alone?" she asked. "Have you no one to keep you company?"

"No," replied the old man innocently. "My folks be all away seeing the queen. They thought they might get a glimpse of her."

His visitor made no reply, but she sat with the old man, pleasantly filling the gap made by the absence of "his folks," and then found time to read to him from the Bible she herself treasured. On leaving she gave a further proof of her sympathy in the shape of a 25 note, accompanying it with the words, "When your people come back, tell them that while they have been to see the queen the queen has been to see you." —Youth's Companion.

Mr. Elisha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief. —B.F. Baker, druggist, St. Paris, Ohio. For sale by C. W. Milhous.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its entire news of this offer.

THE SNOW MIRACLE.

"The age of miracles," they say, "is past! Christ walks no more upon the yielding wave, Nor does the Spirit breathe, to bless or save, On mortal man." And then the winter blast Comes shrieking from beyond the sunset glow; The dancing waves grow solid as a floor To bear the burden of one wonder more— God breathes upon the mist, and it is snow. —J. L. Heaton in "The Quilting Bee."

A YOUTH'S ADVENTURES.

Which, Whether Truth or Fiction, Are Decidedly Interesting.

When riding in the tram car through the wildest parts of Peckham Rye, writes a contributor to the London News, with a friend—we were bound on a journalistic errand—a bronzed young man of marine appearance jumped into the car and at once recognized my companion. Before we had gone very far I was deep in one of the oddest family histories. This new arrival, it seems, when a boy of 14, had been possessed by the fear of consumption, that fell disease having carried off his brother and threatening his father and mother. Accordingly he read every book that he could lay his hands on dealing with the subject, and, as the result of his reading, ran away to Bournemouth to be near the pines. Having no funds, he engaged himself to a local fishmonger, carrying his master's fish to the various customers. When the day's work was done, he shouldered a hammock which he had brought with him and camped among some of those pines for which that southern health resort is famous.

One night a gentleman, sauntering along, smoking a cigar, noticed him, and, being amazed at this "al fresco" bed, entered into conversation with him. "Why, I know you are," exclaimed the consumptive youth at last. "You're Mr. Louis Stevenson, the man who wrote 'Treasure Island.'" "How do you know?" said the gentleman. "Because I deliver you fish. You live at Skerryvore." "So I do," replied Stevenson, for he it was sure enough. "But you don't talk like a fishmonger's boy." "No more I do," replied the boy, and he then poured his strange secret into the novelist's ear, which was sympathetic enough, you may be sure.

The result of this odd meeting was an invitation to breakfast. "Oh, and I did eat," said the young man. He told the story so loudly that the whole train laughed. "And the servants couldn't make it out at all to see the distinguished author entertaining poor me. Then he went to Paris, and I never saw him again for a long while." The pines not proving strong enough, the strange youth was seized with a yearning for the scent of the eucalyptus and persuaded his friends to send him to sea. When he reached Sydney, he sold his outfit and ran away into the bush and lived in the open with eucalyptus galore. Thence, after many adventures, he sailed for the south seas and abode by reef and palm for many a long year.

One day when cruising as supercargo among the Gilbert Islands, I think, a European swill in beautiful white duck, a great red sash and a spreading panama hat, with a peacock's feather in it, came aboard the schooner. "Good morning, Mr. Stevenson," said the supercargo. Mr. Stevenson looked and wondered who knew him from these far-off seas. "I don't know you," he said, shaking his head. "But I know you. Don't you remember the fishmonger's boy who ate such a big breakfast at Skerryvore?" "So I do. Well, the world is small indeed." And no doubt the two had pegs and tiffin—or whatever they call such things in the islands—together. What a strange, small world it is indeed! Well, one succumbed to the dread disease; the other is as hearty a fellow as ever I saw. It was a quaint, grim fancy to go dodging phthisis all over the world!—London News.

Women Veterinarians.

Several women are planning this fall to enter the New York College of Veterinary Surgeons, with a view of taking the three years' course and qualifying with the degree of D. V. S.

They will form the first woman's class in a veterinary college in this country, though France has one graduate and there are a few in Germany and Russia.

The names of five young women have already been enrolled in the institution, and letters of inquiry are being received from others every day. Dr. E. N. Leavy has been assigned by the faculty to form the class.

From the letters which Dr. Leavy has received it appears that most of the young women who intend to study will do so with the idea of earning a living. As for the prospect of making an income, Dr. Leavy says that veterinarians charge \$2 a visit. The bureau of animal industry in the agricultural department at Washington pays inspectors \$1,400 a year and assistants \$1,200.

In 37 state agricultural stations veterinary surgeons are employed at from \$1,500 to \$3,000, and nearly all city health departments employ graduates of veterinary colleges as meat and milk inspectors. No woman is now employed in these places.
